TABLE OF CONTENTS

Institutional Overview		1
IO1	Distinctive features	1
IO2	Scope of educational offerings	2
IO3	Student base	4
IO4	Collaborative relationships	4
IO5	Faculty and staff	5
IO6	Facilities, equipment, and technology	6
IO7	Competitive Institutions	7
IO8	Opportunities and challenges	7
Category 1: Helping Students Learn		9
1C1	Common student-learning objectives	9
1C2	Aligning learning with mission	9
1C3	Key instructional programs and methods	9
1C4	Preparing students to live in a diverse world	10
1C5	Maintaining climate of diversity, intellectual freedom, inquiry, and reflection	10
1P1	Determining common student-learning objectives	11
1P2	Designing new courses and programs	11
1P3	Determining required student preparation	12
1P4	Communicating expectations to students	12
1P5	Helping students select programs that match needs, interests, and abilities	12
1P6	Documenting effective teaching and learning	13
1P7	Building effective and efficient course-delivery systems	13
1P8	Monitoring currency and effectiveness of curriculum	13
1P9	Determining student and faculty support	14
1P10	Alignment of curricular and co-curricular goals	14
1P11	Determining processes for student assessment	14
1P12	Student preparation for further study or employment	16
1P13	Measures of student performance	16
1R1	Student-learning achievement	16
1R2	Student-competence evaluation	16
1R3	Teaching-and-learning process results	17
1R4	Comparative results	17
1I1	Improving current processes	17
1I2	Setting and communicating targets	17
Category 2: Accomplishing Other Distinctive Objectives		18
2C1	Other distinct objectives	18
2C2	Alignment with mission	18
2C3	Support for helping students learn	18
2P1	Determining other distinctive objectives	19
2P2	Communicating expectations	19
2P3	Determining faculty and staff needs	19
2P4	Assessing and reviewing distinct objectives	19

2P5	Measures	19
2R1	Results	19
2R2	Results Comparisons	20
2R3	Strengthening the University and enhancing relationships	21
2I1	Improving systems and processes	21
2I2	Targets and improvement priorities	21
Category 3: Understanding Students' and Other Stakeholders' Needs		22
3C1-3C2	Student-stakeholder groups, expectations, and requirements	22
3P1	Identifying, analyzing, and responding to student needs	22
3P2	Building and maintaining student relationships	22
3P3	Identifying, analyzing, and responding to stakeholder needs	23
3P4	Building and maintaining stakeholder relationships	24
3P5	Determining new student and stakeholder groups	24
3P6	Collecting complaint information	25
3P7	Determining student and stakeholder satisfaction	25
3R1	Student satisfaction results	25
3R2	Student relationship-building results	26
3R3	Stakeholder-satisfaction results	26
3R4	Stakeholder relationship-building results	27
3R5	Results comparisons	27
3I1 & I2	Improvement	27
Category 4: Valuing People		29
4C1	Organization of work environment	29
4C2	Key institutional and geographical factors	29
4C3	Demographic trends	29
4C4	Key training initiatives	29
4P1	Job requirements and hiring	30
4P2	Recruiting, orienting, and retaining employees	30
4P3	Ensuring work processes, activity contributions, and ethical practices	31
4P4	Training and development	32
4P5	Determining Training Needs	32
4P6	Personnel evaluation system	32
4P7	Recognition, reward, and compensation systems	33
4P8	Determining key motivational issues	34
4P9	Evaluating employee satisfaction, health and safety, and well-being	34
4P10	Measures collected and analyzed	34
4R1	Results	34
4R2	Results in processes associated with valuing people	34
4R3	Employee productivity and effectiveness	35
4R4	Benchmarking comparisons	35
4I1	Improving processes for valuing people	35
4I2	Setting targets for improvement	35
Category 5: Leading and Communicating		36
5C1	Leadership and communication systems	36
5C2	Leadership alignment with board	37
5C3	Institutional values and expectations	37
5P1	Directions aligned with mission, vision, and values	37
5P2	Future opportunities and the learning environment	38
5P3	Decision-making processes	38

5P4	Use of information in decision-making	39
5P5	Communication among institutional levels	39
5P6	Communication of shared mission, vision, values, and institutional directions	39
5P7	Encouragement and development of leadership abilities	41
5P8	Leadership succession to ensure mission, vision, and values	42
5P9	Measurement of leading and communicating	42
5R1	Results for leading and communicating processes and systems	42
5R2	Comparative results	42
5I1 & 5I2	Improvements and targets	42
Category 6: Supporting Institutional Operations		43
6C1	Key student and administrative support service processes	43
6C2	Reinforcing EMU's key student and administrative support services processes and systems in Category 1 and Category 2	44
6P1	Identifying student support service needs	44
6P2	Identifying key stakeholder administrative support service needs	44
6P3	Managing student and administrative support service processes	45
6P4	Using information and results to improve support services	47
6P5	Measures of student and administrative support services	47
6R1	Results of student support services processes	47
6R2	Results of administrative support processes	49
6R3	Comparison of results with other higher-education institutions	49
6I1	Methods of improvement of current processes and systems	50
6I2	Identification and communication of improvement priorities	50
Category 7: Measuring Effectiveness		51
7C1	Data collection and availability	51
7C2	Key institutional measures for tracking effectiveness	52
7P1	Selection, management, and use of information	52
7P2	Determining information needs	52
7P3	Determining needs for comparative data	53
7P4	Analyzing and sharing data at institutional level	53
7P5	Alignment of data with institutional goals	53
7P6	Ensuring effectiveness of information systems and processes	53
7P7	Measures of the effectiveness	54
7R1	Results of systems for measuring effectiveness	54
7R2	Results comparison	54
7I1	Improvement of current systems and processes	54
7I2	Setting targets for improvement	54
Category 8: Planning Continuous Improvement		55
8C1	Institutional vision	55
8C2	Short-term and long-term strategies aligned with mission/vision	55
8P1	Institutional planning process	55
8P2	Selecting short-term and long-term strategies	55
8P3	Developing key action plans to support institutional strategies	56
8P4	Coordinating and aligning planning processes	56
8P5	Selecting measures and setting performance projections	58
8P6	Accounting for resource needs	58
8P7	Ensuring faculty, staff, and administrator development	58
8P8	Measuring planning effectiveness	58
8R1	Results	58
8R2	Projections of performance	58

8R3	Comparisons of performance	59
8R4	Evidence of effectiveness	59
8I1	Improvement of current processes	59
8I2	Setting and communicating targets	59
Category 9: Building Collaborative Relationships		60
9C1	Key collaborative relationships	60
9C2	Relationships support institutional mission	60
9P2	Ensuring needs are met	62
9P3	Building and integrating internal relationships	62
9P4	Measures of collaborative relationships	63
9R1	Results from building collaborative relationships	63
9R2	Results comparisons	63
9I1	Improving processes for building collaborative relationships	63
9I2	Setting targets for improvement	63
Appendices		64
List of Abbreviations		67
