Student Organization Member List for Leadership Funding

Student Organization Requesting Funding: ______________________________

In order to be granted funding from Campus Life, students must be in good academic and judicial standing, as these students are representing Eastern Michigan University. Under the Family Educational Right and Privacy Act of 1974, the student has the right to either review his or her records or file in the University or waive access to them. If you wish to waive access to them, please sign below. This means I authorize the release of information regarding my EMU academic and/or judicial records to Campus Life staff.
