**Additional Information:**

1. In completing the coordinated program of study for this articulation agreement, course substitutions should be made with the guidance of the advisers (indicated below) at both institutions to assure that all requirements are satisfied. Courses indicated with an \* are required for EMU's Nursing Completion Program.
2. Students whose transcripts are endorsed as "MACRAO Satisfied" will only be required to meet EMU's three general education requirements, noted with a "1" on the articulation guide and listed below. These may be completed at the most convenient time for the student, whether before or after admission to EMU.
  - a) an approved course in Quantitative Reasoning: [MATH 119, 121, or 130 at LCC]
  - b) an approved course in Global Awareness or US Diversity: [PHIL 211 or 212 at LCC]
  - c) an approved Learning Beyond the Classroom course or experience offered by EMU. [NURS 451]

*To use MACRAO, students should request a MACRAO evaluation of their transcript from the community college Student Records or Registrar's Office. Students who do not satisfy MACRAO will have to satisfy EMU's general education requirements as listed in the Undergraduate Catalog.*
3. Only courses with a grade of 2.0 or better (on a 4.0 scale) will be accepted for transfer to EMU. A course completed with a grade of less than 2.0, even though it is counted toward graduation at the community college and used to satisfy MACRAO, will not transfer and will have to be repeated if it is a requirement of the Nursing Completion program at EMU.
4. Under this agreement, EMU will waive the 60-hour rule and require that a minimum of 30 credit hours must be completed at EMU, 15 hours of which must be in program requirements at the 300-level or above. Of the last 30 hours completed before graduating, a minimum of 10 credit hours must be in courses offered by EMU. A minimum of 124 credit hours, completed in-residence or accepted in transfer, is required for graduation.
5. A minimum cumulative GPA of 2.0 is required for admission to EMU. Students must meet all admission requirements at the time of application for admission to EMU, including submitting transcripts from all previously attended colleges. LCC students will receive equal consideration with other students for course registration and financial aid.
6. Admission to the School of Nursing requires a separate application process. Students should request an application from the School of Nursing, 311 Marshall Building, as soon as they decide to transfer. The application will specify exact requirements, deadline dates and expected notification times. Students must comply with the program requirements in effect at the time of admission to the program.
7. Students are encouraged to contact the BSN Completion Option Coordinator early, before applying to EMU. To facilitate the evaluation of transcripts, students should enclose a copy of this articulation guide with their EMU admission application and bring a copy to all advising sessions. Copies of the articulation guide are available on EMU's webpage at [www.emich.edu/ccr/artguide.htm](http://www.emich.edu/ccr/artguide.htm).

**Effective Dates: September 1, 2007 until September 1, 2010.** This agreement replaces an agreement made in August 2004 and all subsequent updates. Students who began this program prior to fall 2007 have the option of following the agreement in place when they started or using this agreement. If this agreement is not renewed at the end of the effective period, students who already started the program will be given three additional years to be admitted to EMU under the terms of this agreement.
