EASTERN MICHIGAN UNIVERSITY

ARTICULATION GUIDE

September 2009

Mott Community College – Associate of Applied Science in Nursing Eastern Michigan University – Bachelor of Science in Nursing Completion

Additional Information:

1. In completing the coordinated program of study for this articulation agreement, course substitutions should be made with the guidance of the advisers (indicated below) at both institutions to assure that all requirements are satisfied. Courses indicated with an * are required for EMU's Nursing Completion Program.
2. Students whose transcripts are endorsed as "MACRAO Satisfied" will only be required to meet EMU's three general education requirements, noted with a "1" on the articulation guide and listed below. These may be completed at the most convenient time for the student, whether before or after admission to EMU.
 - a) an approved course in Quantitative Reasoning: [MATH 130,150,165, or 170 at Mott]
 - b) an approved course in Global Awareness or US Diversity: [ANTH 211, ENGL 220, 223, 228, 235 at Mott]
 - c) an approved Learning Beyond the Classroom course or experience offered by EMU [NURS 451]

To use MACRAO, students should request a MACRAO evaluation of their transcript from the community college Student Records or Registrar's Office. Students who do not satisfy MACRAO will have to satisfy EMU's general education requirements as listed in the Undergraduate Catalog.
3. Only courses with a grade of "C" or better (2.0 on a 4.0 scale) will be accepted for transfer to EMU. A course completed with a grade of less than 2.0, even though it is counted toward graduation at the community college and used to satisfy MACRAO, will not transfer and will have to be repeated if it is a requirement of the Nursing Completion program at EMU.
4. Under this agreement, EMU will waive the 60-hour rule and require that a minimum of 30 credit hours must be completed at EMU, 15 hours of which must be in program requirements at the 300-level or above. Of the last 30 hours completed before graduating, a minimum of 10 credit hours must be in courses offered by EMU. A minimum of 124 credit hours, completed in-residence or accepted in transfer, is required for graduation.
5. Students should apply to both EMU and the School of Nursing RN/BSN Completion Option. The application for admission to EMU may be accessed from the EMU Office of Admissions website. Students must submit transcripts from all previously attended colleges. Students who speak English as a second language must submit a TOEFL or MELAB score that meets EMU requirements.
6. The Application for Admission to the RN/BSN Option may be accessed from the School of Nursing website at www.emich.edu/nursing/appForms.html. Students must comply with the program requirements in effect at the time of admission to the program. Current admission requirements include:
 - An EMU student identification number,
 - Submission of an application to the RN/BSN completion option,
 - Current unrestricted license to practice as a registered nurse,
 - Minimum cumulative GPA of 2.5 (on a 4.0 scale),
 - Minimum grade of 3.0 (on a 4.0 scale) in a college-level English Composition course,
 - Designation on application of first and second choices for site preference for coursework.
 - Priority for admission into the RN/BSN Option will be given to applicants who have completed EMU's general education requirements or are MACRAO satisfied.
7. The RN/BSN Completion Option Coordinator will work with you to assist in exploration of degree requirements and evaluation of your application for admission. Copies of the articulation guide are available on EMU's webpage at www.emich.edu/ccr/artguide_new.htm.

Effective Dates: September 1, 2009 until August 31, 2012. If this agreement is not renewed at the end of the effective period, students who have already begun the program will have an additional three years to be admitted to EMU under the terms of the agreement. Mott students who began the program prior to the effective date may use this agreement.
