SIMULATION ANIMATION & GAMING ARTICULATION AGREEMENT GUIDE

Washtenaw Community College – Certificate in 3D Animation & AAS in Occupational Studies

Eastern Michigan University – B.S. in Simulation, Animation and Gaming

Additional Information:

1. Each institution will determine the satisfaction of their individual program and degree requirements. Both WCC and EMU agree to accept transferable courses from each other and from other regionally accredited institutions. WCC courses indicated with an * are required for EMU's program. Substitutions for these courses must be approved by the EMU program coordinator.
2. Students with the MTA endorsement on their community college transcript have satisfied EMU's General Education Core Requirements and will be required to complete only the General Education Application Requirements of one "Perspectives on a Diverse World" course, one "Learning beyond the Classroom" experience, and a "Writing Intensive" course in the major. The Perspectives on a Diverse World requirement may be transferred to EMU.
To use the Michigan Transfer Agreement (MTA), students must have an official community college transcript, with the "MTA Satisfied" endorsement sent to EMU's Admissions Office. Students who do not have "MTA Satisfied" on their community college transcript, will be required to satisfy EMU's general education requirements as applied to transfer students. The MTA may be completed after admission to EMU, however, students should inform their advisors or they may be advised to complete additional courses for the general education program. Students who enrolled in college prior to September 2014 will have until the end of August 2019 to complete the MACRAO agreement. If already on the transcript, the MACRAO designation will be accepted at EMU after August 2019.
3. A grade of "C" or better (2.0 on a 4.0 scale) is required for courses to transfer to either institution.
4. High school articulated credit accepted by WCC for this program will be accepted at EMU as articulated credit for this program.
5. Under this agreement, EMU will waive the 60-hour rule and require that a minimum 30 hours are completed in EMU courses, with 15 hours in program requirements at the 300-level or above. Of the last 30 hours completed before graduating, a minimum of 10 credit hours must be in courses offered by EMU. A minimum of 124 credit hours, completed in-residence or accepted in transfer, is required for graduation.
6. Students must meet all admission requirements at the time of application for admission to EMU, including submitting transcripts from all previously attended colleges. Washtenaw students will receive equal consideration with other students for course registration and financial aid.
7. Students are encouraged to contact EMU's Simulation, Animation & Gaming Program Coordinator before applying to EMU. To facilitate advising and the evaluation of transcripts, sign up for this articulation agreement using the link www.emich.edu/ccr/trackingssystem/Enter.php, and bring a copy of this guide to all advising sessions.

Effective Dates: September 1, 2016 until August 31, 2019.

This is a renewal of an agreement made in September 2012. Students who enrolled at WCC prior to the new effective date have the option of using this guide or continuing to follow the guide they started under for up to seven years. If this agreement is not renewed at the end of the effective period, students who already began the program at WCC will have an additional three years to be admitted to EMU under the terms of this agreement.
