4. TESOL proposal. Dr. Aabersold discussed the purpose of the certificate, and its relationship to the two other programs in TESOL. She clarified that the certificate is not a duplication of the minor, and involves graduate level courses. She also clarified that the certificate was developed before the state TESOL endorsement, and that few students seek the certificate ? most take 3 more credits for the endorsement. Program was approved, 9-0-0.
5. Letter of post-baccalaureate students was noted and discussed. Notice was given that without massive conversion to Emich.edu accounts, EMU will have 22,000 fewer students registered next term.
