COLLEGE OF EDUCATION**

POST-MASTER'S CERTIFICATE PROGRAM FOR SCHOOL COUNSELOR LICENSURE

The Department of Leadership and Counseling offers a post-master's certificate program in school counseling. This program is designed for individuals who already possess a master's degree in counseling (e.g., community counseling, college counseling, etc.) and who wish to enter the field of school counseling. The Post-Master's Certificate Program for School Counselor Licensure is a 12-30 semester-hour program that provides competencies and proficiencies for entry-level positions as school counselors in elementary, middle/junior high, secondary, and adult education settings. Upon completion of the certificate program, students are eligible to apply for K-12 school counselor license issued by the Michigan Department of Education. Candidates selected for this program are expected to make a major commitment to their graduate training and to enroll in coursework on a regular basis. The program includes a 300-600 clock-hour supervised counseling internship experience. The program does not meet the academic and internship requirements for limited licensure as a professional counselor (LLPC) in the State of Michigan and cannot be used to supplement a previous master's degree to become eligible for the LLPC. Information on requirements to become eligible for licensure as a professional counselor is available in the Student Handbook for Counseling Programs.

2. Evidence of academic aptitude for continued graduate-level study as evidenced by a graduate grade-point average of a 3.3 on their previously completed advanced degree.
3. International students must meet the following additional criteria:
 - a. An official score report from either the Test of English as a Foreign Language (TOEFL) or the Michigan English Language Assessment Battery (MELAB) must be sent by the testing service directly to the University. Student copies will not be accepted. Contact the testing service for more information. A conditional admission may be available to those students falling just below the minimum score requirements.
4. **Statement of Intent:** A one-page narrative statement focusing on the applicant's motivation and rationale for seeking admission to the program as well as his or her background and goals related to professional studies.
5. **Résumé:** A focused summary of program relevant educational, career, and/or life experiences.

The experience should be focused on improving the mental health, behavior, academic success or social skills of the children. Activities such as parenting, babysitting and day care do not qualify.
7. **Three Recommendations:** These must be completed on recommendation rating forms available from the Department of Leadership and Counseling. They should be completed by professionals with knowledge of the applicant's suitability for graduate work (e.g., supervisors or undergraduate professors) and suitability to the profession of school counseling.

Each applicant will receive a rating on the following criteria: academic potential based on grade-point average; the quality, extensiveness and relevance of career/life/educational experiences to the field of school counseling; professional goals/objectives; and recommendations. Based on these ratings, applicants may move to the second phase of the process.

Applicants admitted to the second phase of the selection process may be invited to campus to participate in a personal interview. They will also receive information about programs of study and faculty expectations. Applicants may be asked to submit additional materials at this time. Based on evaluation of all materials and the interviews, admissions decisions will be made.
