

## How to Log into LiveText

Logging into LiveText is a process very similar to logging into your my.emich account. Before logging in, you must have a LiveText account. Purchase a LiveText Key Code from the [Student LiveText Key Code purchase page](#). If you have questions about registering with LiveText, view our [Registering with LiveText](#) page.

Once you have your Student LiveText Key Code from EMU and have registered your account with LiveText, follow the steps below:

1. To log in, go to the LiveText website at <http://college.livetext.com>.
1. Enter your LiveText **Username** and
2. LiveText **Password** in the appropriate fields.
3. Click the **Login** button.

5. LiveText will then take you to the **Dashboard**.
6. Please click **Logout** in the upper right-hand corner when finished using LiveText.
