

PERRIGO UNDERGRADUATE FELLOWSHIP PROGRAM JUNE 2 TO AUGUST 8, 2008

The Perrigo Company and the University of Michigan Life Sciences Institute are offering summer fellowships to highly qualified undergraduate students currently enrolled at any university or college in Michigan. Most applicants are students in chemistry, biology, biochemistry, pharmacy, engineering, or related fields.

Each student will be assigned to a laboratory in the Life Sciences Institute for hands-on experience with world-class researchers. Student fellows will participate in side-by-side work at the research bench with faculty members and scientists of the LSI.

Fellows will receive a \$3000 stipend for ten weeks, plus housing support.

To apply, please download an application from <http://lsi.umich.edu>.

APPLICATION DEADLINE: FEBRUARY 29, 2008
