1. [3:05] Agenda approval – motion carries  
2. [3:10] Approval of minutes from FS meeting, 11/19/14 – motion carries  
3. [3:15] Visitor: Chiara Hensley, University Ombuds  
   a. Role – move away from case by case to systems processes. Distributed handout with data Ombuds office collects. Approximately 1600 cases in 2014. Serving more students now that the office is in the Student Center. Concerns students present about faculty – 13%, and grading/incomplete and grievances – 16.6%. Faculty should fill out Incomplete form which makes expectations clear to students. Faculty may certainly say “no” if students do not meet requirements. Late withdrawals – there is a calendar for drop and withdrawal dates. Do not tell students to withdraw. Refer students to records & registration and ombuds because there may be financial consequences.  
   b. Faculty raised questions, such as: Why students can’t withdraw from a single class after a certain date, particularly if they are doing well in other courses. Why can’t students get a tuition refund if they withdraw?  
   c. Ombuds requested faculty make recommendation about policies, given the data.  
   d. Instructional concerns means – when faculty contact ombuds about issues.  
   e. Students are being directed by ombuds (and others – president, provost, etc.) to work with faculty first. They may not go to Department Head without doing this first. If they don’t, it’s a violation of policy.  
   f. Annually, Ombuds makes a report of her data with recommendations. Sandy requested that that report be communicated with Senate. Provost agreed and said it ought to happen with other administrative units, as well.  
   g. Compliments to this ombuds on her responses to faculty concerns and improvements in the running of the office.
h. Recommendation to faculty: Put the things you want to enforce in your syllabus. If you modify or amend your syllabus, you must put it in writing. She will do a “lunch and learn” in February on some of this.

4. [3:30] Committee Reports
   a. Faculty Senate Budget Committee (David Crary) *
   b. Academic Issues
      (i) Global Engagement Council (Judith Kullberg) conducting interviews with Deans, Directors, Department Heads. 80% done. Waiting for IRB approval on survey. Plan is to send it out early in January. Interview data is rich and engaging.
      (ii) Gen Ed Review Comm.
   c. Institutional Issues—
      (i) EAA Resolution—Second Reading (see below)(Perry Francis) *
      1. Revised version is being brought forward for a vote. Move to approve: 1 opposed, 24 in favor; no abstentions
      (ii) LMS search (Daryl Barton) *
      1. Email yesterday. Faculty should follow up on information it contains. Check to see if your classes have been properly migrated. Proposal to have a committee going in the Fall to keep communication open between Extended Programs and faculty (a bridge, of sorts) regarding Canvas.
      2. Report on training from attendee – Go. They are excellent. They will continue through the next semester. Also, Canvas guides were reported to be excellent.
      (iii) R-25 (room scheduling) and the EEFC (Patrick Koehn) *
      1. EEFC met and raised issue of room scheduling. Why are our faculty walking across campus to teach their classes. R-25 is configured to save 80% of classrooms for people in that building. CHHS and CAS are most affected by this. They have more sections than classrooms. Will try a dry run of R-25 to see if it helps. Another option – reduce number of classes offered between 11-2, because they are the most numerous. Historically, gen ed classes had to happen between 11-2, but that is no longer the case. Patrick will take recommendations to EEFC.
      2. Provost is working toward course planning 3-5 years forward.

      Motion for friendly amendment as follows
      It further encourages university leadership to elevate EMU’s presence in addressing structural inequality in quality of life variables within the greater region.
      Motion carries.

SSM award. New policy is that it requires matching departmental support. Is there knowledge about the impact of this policy on application for this award? Has anyone not applied or been refused by their department. Ask departmental faculty and bring this back to senate.
Judith was asked by faculty members to raise the EMU practice of linking tenure to immigration status. It is a contractual issue. Already in the contract so administration can’t change that. However, bargaining council can take it up. Discuss with faculty. The issue: if you do not have permanent residence status (a green card) you cannot get tenure. If an MOU is not set up within a certain amount of time, they could be fired from the University. HR is required to hire a lawyer to help new hires with getting through the permanent resident status, or one can hire their own lawyer.

8. [5:00] Adjournment at 5:30pm

The next Faculty Senate Executive Board meeting will be held January 14, 2015 in SC room 302. The next full Faculty Senate meeting will be held January 21, 2015 in SC 310A.

Faculty Senate Resolution 11/19/14

To the Eastern Michigan University Board of Regents:

As a Faculty Senate, we strongly express our continuing concern with the contractual relationship between EMU and the EAA and, in light of ample and documented concerns, open and public forums, and in consideration of previous resolutions, the Faculty Senate now unequivocally states that EMU should withdraw from the EAA agreement immediately.
