

**Eastern Michigan University
Athletic Training Education Program**

HBV Vaccination Verification Status

Eastern Michigan University has required students entering a clinical education program in the Athletic Training program to furnish evidence of Hepatitis B (HBV) vaccinations or, in the alternative, evidence that they hereby waive and decline the HBV vaccination.

Students and instructors acknowledge and understand that receiving the Hepatitis B vaccine is highly recommended, but not required, for persons who have contact with blood and body secretions, such as health care workers and designated clinical students, and that receipt of the Hepatitis B vaccine is voluntary.

Students and instructors acknowledge and understand that should they choose to have the Hepatitis B vaccine, that it is their responsibility to pay for the vaccine.

Students and instructors do hereby release and waive any future claims against Eastern Michigan University from any type of liability in the event that they become infected with any communicable disease including, but not limited to human-immunodeficiency virus (HIV) or Hepatitis B.

Records documenting the verification of students and/or instructors having received the Hepatitis B vaccine OR verification of the declination of immunization will be available in the department of Health, Physical Education, Recreation and Dance at Eastern Michigan University.

_____ I waive and decline the HBV vaccination in accordance with the above statements.

_____ I will receive the HBV vaccination prior to my clinical education and furnish official documentary evidence to the department before officially starting.

Student Signature _____ Date _____

Document Received in Department by _____ Date _____
