SUBJECT: Academic Program Review

DATE: 27 June 2002

In response to your Program Listing memo dated April 30, 2002, the Department of Computer Science will review the following programs during the 2002-2003 Program Review cycle:

Undergraduate

CS01	Computer Science
CS31	Computer Science – Secondary Teaching

In order to prevent redundancy, these two programs should be reviewed together, making note that any variances between the programs should be clearly pointed out in the report.

Graduate

CS97	Computer Science
CS99	Certificate in Artificial Intelligence
No code yet	Secondary Certificate/Endorsement in Computer Science

Since there is no ISIS code for the Secondary Certificate/Endorsement in Computer Science, no data will be provided from Academic Programming. However, it is important to review this program anyway, so as to available information regarding the goals and future plans for the program.
