RECOMMENDATION

REPORT: Program Fee

ACTION REQUESTED

It is recommended that the exemption of Military Science from the program fee proposal that was approved June 19, 2001 be eliminated, and the program fee for Military Science be the same as the "all other" classification.

STAFF SUMMARY

Michigan Education Trust (MET) will not pay program fees for any student because the program fee is not charged to all students (Military Science being the exception).

FISCAL IMPLICATIONS

In fiscal year 2005, credit hours in Military Science totaled 600. Assuming a \$10.00 fee and a similar number of credit hours for fiscal year 2006, this would generate \$6,000 in additional revenue. In fiscal year 2005, a total of \$139,000 in program fees were disallowed for payment by MET. Adding the program fee to Military Science would not generate significant revenue, but would allow for payment of the program fees by MET for EMU students.

ADMINISTRATIVE RECOMMENDATION

The proposed Board action has been reviewed and is recommended for Board approval.
