2011 Student Case Competition

February 25-26, 2011

Downers Grove IL. at the Double Tree Suites and Conference Center

We are currently recruiting EMU/APICS members and students to represent EMU to attend this yearly event. It will not only be a great opportunity to network with professionals in your field, but it will give you an excellent chance to apply your knowledge to analyze a business case and to earn some money and build a professional development experience in your resume. In the past years, our student representatives earned first, second or third place in these competitions.

If you are interested in the event, please don't hesitate to contact Dr. David Dobrzykowski <ddobrzyk@emich.edu> or Dr. Nesa Wu <nwu@emich.edu>.

Plant Tour of Pentamere Winery

November 19th EMU/APICS toured the Pentamere Winery in Tecumseh, MI. The winery is housed in a 138 year old two story building and most of the wine making process is done by hand, including carrying cases of wine from the basement to the showroom. Pentamere is a very lean operation that utilizes every bit of their space to the fullest capacity. They expect to add a second production facility in the next couple of years.
