

## **General Education Review Committee meeting of March 4th, 2015**

The committee discussed recommendations for the various criteria. These included education of part-time lecturers with regard to General Education learning outcomes, the development of interdisciplinary course offerings, education of the EMU community about the benefits of the program, a technology requirement, building a process for assessing the efficacy of outcomes, increased staffing of the program at the macro level, and more coordination of course offerings.

Recommendations will continued to be discussed at the next meeting. They will then be prioritized and ranked for the final report.
