

### **General Education Review Committee meeting of April 15th, 2015**

There was extensive discussion of the technology piece in light of the latest revisions to the draft. Discussion included reference to AAC&U standards and Faculty Senate, "Executive Summary of Suggestion of Science/Technology Improvements to Proposed General Education Requirements" (2004). The integration of these revisions, while maintaining the structure of the final report and abiding by the committee's charge, was deliberated upon and the resultant changes will be completed for review at the final meeting on April 22<sup>nd</sup>.
