PARENTS & FAMILY MEMBERS: FAST TRACK

! REMEMBER: Please make sure your student brings at least one form of a government issued ID (driver’s license, passport, state ID, etc.) and their my.emich NETID and password to Fast Track.

Research has shown that parent and family involvement can directly impact the academic and personal success of new college students, and we recognize how important you are in the process of helping your student prepare for the transition to college. Join us on campus for a day to learn about and experience the EMU community.

During Fast Track, you and your student will separate for a majority of the day. While your student takes care of the business of becoming a new student (meeting with advisors, registering for classes, getting their EMU ID photo), we offer a variety of sessions based on your needs. These sessions will provide you with valuable information on how to help your student during their transition to college. You will receive an email with options for your day prior to Fast Track.

Together, we can prepare your student for success! We hope to see you at FastTrack.
