

2025 School of Staff & Command Golf Outing

Executive Leadership
Program

Our police officers and fire fighters put their lives on the line every day to protect the public and make our communities a safer place to raise our families and run our businesses.

At the Eastern Michigan University School of Staff & Command, we provide the hands-on, research, strategy, education, networking and programming necessary to develop professional leaders to guide our fire departments and police agencies to a successful future.

We would like to offer your organization the opportunity to partner with us in continuing to provide this essential training. Donations are utilized to support current and future public safety leaders through Staff & Command scholarships.
