

MET 314 Ethics Assignment Fall 2009

- 4 = clear understanding,
- 3 = mostly understands by mixes with personal bias,
- 2 = knows some sort of ethics are used to make decision
- 1 = only a weak association between ethics and social responsibility
- 0 = did not understand the point of the two cases studies

	Understands that getting caught (like the two people in the case study) is not the reason for ethics.	Has an idea of personal responsibility in questionable situations	Understands that physical harm does not have to occur for situation to be unethical	Understands that fabricating data is wrong under any circumstances
Name				
A	4	4	4	4
B	4	4	4	4
C	2	3	4	3
D	3	4	2	4
E	2	4	4	3
F	4	3	3	4
G	4	3	4	4
H	3	2	2	3
I	3	2	4	4
J	3	2	4	3
K	2	2	2	3
L	3	3	4	4
avg	3.1	3.0	3.4	3.6

Conclusion: Need to spend more time explaining the intangibles for wanting to do the ethically correct thing. Many saw that learning to be ethically conscious now so that it will be a habit when they are out in the working world. Others seemed to miss that point and seemed to think the world should change rather than the individual.
