Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

We have audited the basic financial statements of Eastern Michigan University (the "University") as of and for the year ended June 30, 2011 and have issued our report thereon dated October 3, 2011. Those basic financial statements are the responsibility of the management of Eastern Michigan University. Our responsibility is to express an opinion on those basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of Eastern Michigan University taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The information in this schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

We have audited the financial statements of Eastern Michigan University (the "University") as of and for the year ended June 30, 2011 and have issued our report thereon dated October 3, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Eastern Michigan University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as Finding 2011-1, that we consider to be a significant deficiency in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

To the Board of Regents
Eastern Michigan University

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Eastern Michigan University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Eastern Michigan University's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit Eastern Michigan University's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Board of Regents, others within the University, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Plante & Moran, PLLC

October 3, 2011

Report on Compliance with Requirements That Could Have a
Direct and Material Effect on Each Major Program and on
Internal Control Over Compliance in Accordance with OMB Circular A-133

Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

Compliance

We have audited the compliance of Eastern Michigan University (the "University") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The major federal programs of Eastern Michigan University are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Eastern Michigan University's management. Our responsibility is to express an opinion on Eastern Michigan University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Eastern Michigan University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Eastern Michigan University's compliance with those requirements.

In our opinion, Eastern Michigan University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

To the Board of Regents
Eastern Michigan University

Internal Control Over Compliance

The management of Eastern Michigan University is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Eastern Michigan University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Regents, others within the University, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Total other federal awards			<u>4,888,447</u>
Total federal expenditures			<u>\$ 210,370,143</u>

Eastern Michigan University

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2011

Note 1 - Basis of Presentation and Significant Accounting Policies

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Eastern Michigan University under programs of the federal government for the year ended June 30, 2011. Expenditures reported on the Schedule are reported on the same basis of accounting as the basic financial statements, although the basis for determining when federal awards are expended is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. In addition, expenditures reported on the Schedule are recognized following the cost principles contained in OMB Circular A-21, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Because the Schedule presents only a selected portion of the operations of Eastern Michigan University, it is not intended to and does not present the financial position, changes in net assets, or cash flows, if applicable, of Eastern Michigan University. Pass-through entity identifying numbers are presented where available.

Note 2 - Loans Outstanding

During the fiscal year ended June 30, 2011, the University issued new loans to students under the William D. Ford Federal Direct Loan Program (FDLP). The loan program includes subsidized and unsubsidized Stafford Loans, Parents' Loans for Undergraduate Students (PLUS), and PLUS loans for graduate and professional students. The value of loans issued for the FDLP is based on disbursed amounts. The undergraduate PLUS loans are applied first to the students' tuition and fees and any remaining balance is disbursed directly to parents or, with the parents' permission, to the student.

In addition, the University participates in the Federal Perkins Loan Program and the Nurse Faculty Loan Program (ARRA) through the Department of Education. These loan programs are directly administered by the University and are considered revolving loan programs whereby collections received on past loans, including interest, and new funds received from federal agencies are loaned out to current students. The outstanding balance on these loans is disclosed in the schedule of expenditures of federal awards. The loans issued through the Federal Perkins Loan Program during the year ended June 30, 2011 amounted to \$877,220. The loans issued through the Nurse Faculty Loan Program (ARRA) during the year ended June 30, 2011 amounted to \$13,069.

Note 3 - Subrecipient Awards

Of the federal expenditures presented in the Schedule, federal awards were provided to subrecipients as follows:

<u>Federal Program Title</u>	<u>CFDA Number</u>	<u>Amount Provided to Subrecipients</u>
USDJ: Comprehensive Wrap-Around Social Services for High-Risk Teen Parents and Their Families	16.541	\$ 40,771
DOD: ONR Cross-National Analysis of Islamic Fundamentalism, Task I	12.300	210,609
USSBA/GVSU: 2010 SBTDC Region	59.037	47,411
The Great Lakes Climate Change Science and Education Systemic Network (GLCCSESN), 2010- 2011 (year I)	47.076	106,788
NSF: A Meta-Analysis of the Effectiveness of Small- Group Instruction Compared to Lecture-Based Instruction in Science, Technology, Engineering and Mathematics (STEM) College Courses - Year One	47.076	28,137
NSF: Interop: LEGO	47.075	7,715
ARRA - Capacity Building of Nonprofit Organizations Servicing Distressed Communities in Wayne and Eastern Washtenaw Counties Michigan	93.711	<u>298,895</u>
	Total	<u>\$ 740,326</u>

Eastern Michigan University

Schedule of Findings and Questioned Costs Year Ended June 30, 2011

Section I - Summary of Auditor's Results

Financial Statements

Type of auditor's report issued: Unqualified

Internal control over financial reporting:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? Yes None reported

Noncompliance material to financial statements noted? Yes No

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? Yes None reported

Type of auditor's report issued on compliance for major programs: Unqualified

Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133? Yes No

Identification of major programs:

<u>CFDA Numbers</u>	<u>Name of Federal Program or Cluster</u>
84.007, 84.033, 84.038, 84.063, 84.268, 84.375, 84.376, 84.379, 93.408	Student Financial Aid Cluster
84.394	ARRA - State Fiscal Stabilization Cluster
93.711	ARRA - Capacity Building of Nonprofit Organizations Servicing Distressed Communities in Wayne and Eastern Washtenaw Counties Michigan
84.334	Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR-UP)

Dollar threshold used to distinguish between type A and type B programs: \$301,040

Auditee qualified as low-risk auditee? Yes No

Eastern Michigan University

Schedule of Findings and Questioned Costs Year Ended June 30, 2011

Section II - Financial Statement Audit Findings

Reference Number	Finding
2011-1	<p>Finding Type - Significant deficiency</p> <p>Criteria - Annual library subscriptions are not capitalizable assets and should either be expensed up front or over the period of the subscription as a prepaid expense.</p> <p>Condition - The library has shifted to purchasing a significant portion of its resources to online services on annual subscriptions but still recorded in the library holdings account which was annually capitalized and depreciated over seven years instead of either expensing up front or expensing over the period of the subscription as a prepaid expense.</p> <p>Context - Net book value of the subscriptions was approximately \$3,000,000 at June 30, 2011.</p> <p>Cause - The library holdings account was set up to be capitalized and depreciated over seven years. Annual subscriptions were being included in this account instead of separately and either expensed up front or expensed over the period of the subscription as a prepaid expense.</p> <p>Effect - Expense was being recognized for over seven years versus over the period of the subscription.</p> <p>Recommendation - We recommend the University set up a separate account for online subscriptions which have no ongoing useful life into a separate account so that they are not capitalized along with library book purchases.</p> <p>Views of Responsible Officials and Planned Corrective Actions - Management agrees with this finding. A separate account for online subscriptions has been set up to expense over the life of the subscription and not depreciated.</p>

Section III - Federal Program Audit Findings

None
