Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

We have audited the basic financial statements of Eastern Michigan University (the "University") and its discretely presented component unit as of and for the year ended June 30, 2012, which collectively comprise the University's basic financial statements, and have issued our report thereon dated October 30, 2012, which contained unqualified opinions on those basic financial statements. These basic financial statements are the responsibility of the University's management. Our responsibility is to express opinions on these basic financial statements based on our audit. We have not performed any procedures with respect to the audited basic financial statements subsequent to October 30, 2012.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of Eastern Michigan University Foundation were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Eastern Michigan University's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

We have audited the financial statements of Eastern Michigan University (the "University") and its discretely presented component unit as of and for the year ended June 30, 2012, which collectively comprise the University's basic financial statements, and have issued our report thereon dated October 30, 2012. We have conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of Eastern Michigan University Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

The management of Eastern Michigan University is responsible for establishing and maintaining an effective internal control over financial reporting. In planning and performing our audit, we considered Eastern Michigan University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Board of Regents
Eastern Michigan University

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Eastern Michigan University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Regents, others within the University, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

October 30, 2012

Report on Compliance with Requirements That Could Have a
Direct and Material Effect on Each Major Program and on
Internal Control Over Compliance in Accordance with OMB Circular A-133

Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

Compliance

We have audited the compliance of Eastern Michigan University (the "University") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. The major federal programs of Eastern Michigan University are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Eastern Michigan University's management. Our responsibility is to express an opinion on Eastern Michigan University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Eastern Michigan University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Eastern Michigan University's compliance with those requirements.

In our opinion, Eastern Michigan University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

To the Board of Regents
Eastern Michigan University

Internal Control Over Compliance

The management of Eastern Michigan University is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Eastern Michigan University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Regents, others within the University, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Eastern Michigan University

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2012

Note 1 - Basis of Presentation and Significant Accounting Policies

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Eastern Michigan University under programs of the federal government for the year ended June 30, 2012. Expenditures reported on the Schedule are reported on the same basis of accounting as the basic financial statements, although the basis for determining when federal awards are expended is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. In addition, expenditures reported on the Schedule are recognized following the cost principles contained in OMB Circular A-21, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Because the Schedule presents only a selected portion of the operations of Eastern Michigan University, it is not intended to and does not present the financial position, changes in net assets, or cash flows, if applicable, of Eastern Michigan University. Pass-through entity identifying numbers are presented where available.

Note 2 - Subrecipient Awards

Of the federal expenditures presented in the Schedule, federal awards were provided to subrecipients as follows:

Federal Program Title	CFDA Number	Amount Provided to Subrecipients
ARRA - Capacity Building of Nonprofit Organizations Servicing Distressed Communities in Wayne and Eastern Washtenaw Counties Michigan	93.711	\$ 217,277
USSBA/GVSU: 2010 SBTDC Region	59.037	16,953

NSF: Interop: LEGO	47.075	517
NSF: A Meta-Analysis of the Effectiveness of Small-Group Instruction Compared to Lecture-Based Instruction in Science, Technology, Engineering and Mathematics (STEM) College Courses - Year One	47.076	136,387
DOD: ONR Cross-National Analysis of Islamic Fundamentalism, Task I	12.300	98,430
	Total	\$ 479,343

Eastern Michigan University

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2012

Note 3 - Loans Outstanding

During the fiscal year ended June 30, 2012, the University issued new loans to students under the William D. Ford Federal Direct Loan Program (FDLP). The loan program includes subsidized and unsubsidized Stafford Loans, Parents' Loans for Undergraduate Students (PLUS), and PLUS loans for graduate and professional students. The value of loans issued for the FDLP is based on disbursed amounts. The undergraduate PLUS loans are applied first to the students' tuition and fees and any remaining balance is disbursed directly to parents or, with the parents' permission, to the student.

In addition, the University participates in the Federal Perkins Loan Program through the Department of Education and the Nurse Faculty Loan Program through the Department of Health and Human Services. These loan programs are directly administered by the University and are considered revolving loan programs whereby collections received on past loans, including interest, and new funds received from federal agencies are loaned out to current students. The outstanding balance on these loans is disclosed in the schedule of expenditures of federal awards. The loans issued through the Federal Perkins Loan Program during the year ended June 30, 2012 amounted to \$302,638. The loans issued through the Nurse Faculty Loan Program (ARRA) and Nurse Faculty Loan Program (non-ARRA) during the year ended June 30, 2012 amounted to \$7,859 and \$22,972, respectively.
