¹ Satisfies EMU's "Learning Beyond the Classroom" requirement. If an internship has been completed at HFC, HLAD 488L may be waived, however another LBC course or noncredit experience at EMU is required.

* If sufficient credits are not transferred, additional credits must be completed at EMU to satisfy the minimum of 124 credit hours required to graduate.

Note: Students may register concurrently at HFC and EMU while completing the program in order to take courses in sequence and graduate in a timely manner. Students receiving financial aid should contact the Financial Aid Offices at HFC and EMU for information on getting financial aid as a concurrently registered student.

HEALTH ADMINISTRATION ARTICULATION AGREEMENT GUIDE

Henry Ford College – **AB in Medical Practice/Facility Business Management**
Eastern Michigan University – **BS in Health Administration**

Additional Requirements:

1. Each institution will determine the satisfaction of their individual program and degree requirements. For the purpose of this articulation agreement, both institutions agree to accept transferable courses from each other and from other regionally accredited institutions. HFC courses indicated with an * are required for EMU's Health Administration program. Substitutions for these courses must be approved by the EMU program coordinator.
2. Students with the MTA endorsement on their community college transcript have satisfied EMU's General Education Core Requirements and will be required to complete only the General Education Application Requirements of one "Perspectives on a Diverse World" course, one "Learning beyond the Classroom" experience, and a "Writing Intensive" course in the major. The Perspectives on a Diverse World requirement may be transferred to EMU.
To use the Michigan Transfer Agreement (MTA), students must have an official community college transcript, with the "MTA Satisfied" endorsement sent to EMU's Admissions Office. Students who do not have "MTA Satisfied" on their community college transcript, will be required to satisfy EMU's general education requirements as applied to transfer students. The MTA may be completed after admission to EMU, however, students should inform their advisors or they may be advised to complete additional courses for the general education program. Students who enrolled in college prior to September 2014 will have until the end of August 2019 to complete the MACRAO agreement. If already on the transcript, the MACRAO designation will be accepted at EMU after August 2019.
3. Only courses with a grade of "C" or better (2.0 on a 4.0 scale) will be accepted for transfer to EMU.
4. Under this agreement, EMU will waive the 60-hour rule and require that a minimum of 30 semester hours must be completed at the four-year college level, with a minimum of 30 hours in courses offered by EMU, of which at least 15 hours are in program requirements at the 300-level or above. Of the last 30 hours completed before graduating, at least 10 hours must be in courses offered by EMU. A minimum of 124 credit hours, completed in-residence or accepted in transfer, is required for graduation. Courses listed in this guide may be completed at the most opportune time for students, whether before or after admission to EMU, as long as appropriate pre-requisites are satisfied.
5. To qualify for admission to the program, students must have:
 - a) successfully completed 45 credit hours of undergraduate coursework,
 - b) a minimum cumulative GPA of "2.5",
 - c) completed the MTA or MACRAO agreement or ENG 132 and SPC 131 with a minimum grade of "C", or (WRTG 121 and CTAC 124 at EMU with a minimum grade of "C-")
6. Students must meet all admission requirements at the time of application for admission to EMU, including submitting transcripts from all previously attended colleges. HFC students will receive equal consideration with other students for course registration and financial aid.
7. To graduate from the Health Administration program, students will need to have an overall GPA of a 2.5 in the HLAD courses. If students earn below a "C-" in any HLAD course they will need to repeat the course.
8. Students are encouraged to contact the College of Health and Human Services Advising Center early, before applying to EMU. To facilitate advising and the evaluation of transcripts, sign up for this articulation agreement using the link www.emich.edu/ccr/trackingssystem/Enter.php and bring a copy to all advising sessions.

Effective Dates: September 1, 2016 until August 31, 2019.

This agreement replaces the articulation agreement made in June 2008 and renewed in January 2012. Students who began this program prior to fall 2016 have the option of following the agreement in place when they started or using this agreement. If this agreement is not renewed at the end of the effective period, students who already started the program will be given three additional years to be admitted to EMU under the terms of this agreement.
