Schoolcraft College – Associate Degree in a Health Related Program

Eastern Michigan University – BS in Health Administration

Additional Requirements:

1. Each institution will determine the satisfaction of their individual program and degree requirements. For the purpose of this articulation agreement, both institutions agree to accept transferable courses from each other and from other institutions. Schoolcraft courses indicated with an * are required for EMU's Health Administration program. Substitutions for these courses must be approved by the EMU program coordinator.
2. Students with the MTA endorsement on their community college transcript have satisfied EMU's General Education Core Requirements and will be required to complete only the General Education Application Requirements of one "Perspectives on a Diverse World" course, one "Learning Beyond the Classroom" experience, and a "Writing Intensive" course in the major. The Perspectives on a Diverse World requirement may be transferred to EMU.
To use the Michigan Transfer Agreement (MTA), students must have an official community college transcript, with the "MTA Satisfied" endorsement sent to EMU's Admissions Office. Students who do not have "MTA Satisfied" on their community college transcript, will be required to satisfy EMU's general education requirements as applied to transfer students. The MTA may be completed after admission to EMU, however, students should inform their advisors or they may be advised to complete additional courses for the general education program. Students who enrolled in college prior to September 2014 will have until the end of August 2019 to complete the MACRAO agreement. If already on the transcript, the MACRAO designation will be accepted at EMU after August 2019.
3. Only courses with a grade of "C" or better (2.0 on a 4.0 scale) will be accepted for transfer to EMU.
4. Under this agreement, EMU will waive the 60-hour rule and require that a minimum of 30 semester hours must be completed at the four-year college level, with a minimum of 30 hours in courses offered by EMU, of which at least 15 hours are in program requirements at the 300-level or above. Of the last 30 hours completed before graduating, at least 10 hours must be in courses offered by EMU. A minimum of 124 credit hours, completed in-residence or accepted in transfer, is required for graduation. Courses listed in this guide may be completed at the most opportune time for students, whether before or after admission to EMU, as long as appropriate pre-requisites are satisfied.
5. To qualify for admission to the program, students must have:
 - a) successfully completed 45 credit hours of undergraduate coursework,
 - b) a minimum cumulative GPA of "2.5",
 - c) completed the MTA or MACRAO agreement or ENG 102 and COMA 103 with a minimum grade of "C", or (WRTG 121 and CTAC 124 at EMU with a minimum grade of "C-")
6. Students must meet all admission requirements at the time of application for admission to EMU, including submitting transcripts from all previously attended colleges. Schoolcraft students will receive equal consideration with other students for course registration and financial aid.
7. To graduate from the Health Administration program, students will need to have an overall GPA of a 2.5 in the HLAD courses. If students earn below a "C-" in any HLAD course they will need to repeat the course.
8. Students are encouraged to contact the College of Health and Human Services Advising Center early, before applying to EMU. To facilitate advising and the evaluation of transcripts, sign up for this articulation agreement using [this link](#) and bring a copy to all advising sessions.

Effective Dates: September 1, 2017 until August 31, 2020.

This is a renewal of an agreement made in September 2008, renewed in September 2010, and extended in September 2014. Students who began this program prior to the new effective date have the option of changing to this guide or may follow the guide they started under. If this agreement is not renewed at the end of the effective period, students who already began the program at SC will have an additional three years to be admitted to EMU under the terms of the agreement.
