Additional Information:

1. In completing the coordinated program of study for this articulation agreement, course substitutions may be made with the guidance of the advisors (indicated below) at both institutions to assure that all requirements are satisfied. Each institution will determine the satisfaction of their individual program and degree requirements. Schoolcraft courses indicated with an * are required for EMU's Communication Technology Program.
2. Students whose transcripts are endorsed as "MACRAO Satisfied" will only be required to meet three of EMU's general education requirements, noted on the articulation guide and listed below. These requirements may be completed at the most appropriate time for the student whether before or after enrollment at EMU:
 - a) an approved course in Quantitative Reasoning: [at SC: MATH 111, 122, 128, 129, 135, 145, or 150] or [at EMU: MATH 110 or if Intermediate Algebra is completed with a 2.0 or better, COSC 106; MATH 105, 118, 119, 120, 140, 170; PHIL 181; PLSC 210; SOCL 250 or STS 224]
 - b) an approved course in US Diversity or Global Awareness: [at SC: **Humanities:** ENG 170, 275; HIST 137, 138; HUM 150, 201, 202, 203, 204; **Social Sciences:** ANTH 112, 201, 211, 214; GEOG 133; HIST 137, 138; POLS 207, 209; SOC 210; **Science:** BIOL 104; GEOG 212; **Other Courses:** BUS 240] or [at EMU: refer to the catalog website: <http://www.emich.edu/gened/students/approved.php>]
 - c) an approved Learning Beyond the Classroom course or experience offered by EMU.

To use MACRAO, students must request that an official community college transcript, with the "MACRAO Satisfied" stamp, be sent to EMU's Admissions Office. Students, who do not have "MACRAO Satisfied" on their community college transcript, will be required to satisfy EMU's general education requirements as listed in the Undergraduate Catalog. The MACRAO stamp may be completed after admission to EMU, however, students should inform advisors at EMU that they intend to complete MACRAO, or they may be advised to complete additional courses for the general education program.

3. Only courses with a grade of "C" or better (2.0 on a 4.0 scale) will be accepted for transfer to EMU.
4. Under this agreement, EMU will waive the 60-hour rule and require that a minimum of 30 credit hours must be completed at EMU, 15 hours of which must be in program requirements at the 300-level or above. Although 35 hours are listed on the EMU curriculum page, students may possibly transfer 5 of these credit hours from another college. Of the last 30 hours completed before graduating, a minimum of 10 credit hours must be in courses offered by EMU. A minimum of 124 credit hours, completed in-residence or accepted in transfer, is required for graduation.
5. Students must meet all admission requirements at the time of application for admission to EMU, including submitting transcripts from all previously attended colleges. Schoolcraft students will receive equal consideration with other students for course registration and financial aid.
6. Students are encouraged to contact the Communication Technology Program Coordinator early, before applying to EMU. To facilitate the evaluation of transcript(s), students should indicate use of this articulation guide in their application to EMU and bring a copy of the articulation guide to all advising sessions. Copies of the articulation guide are available on EMU's webpage at: www.emich.edu/ccr/artguide.php

Effective Dates: September 1, 2012 until August 31, 2015.

This is a renewal of an agreement made in September 2004 and renewed in September 2007. Students who began this program prior to the new effective date have the option of changing to this guide. If this agreement is not renewed at the end of the effective period, students who already began the program at Schoolcraft College will have an additional three years to be admitted to EMU under the terms of the agreement.
