Active Assailant Conf -- June 3-4	Graduation Friday, October 15, 2021
Week 5 -- June 14-18	

This is an intensive program consisting of 350 hours of classroom instruction that will require out of class study, preparation of papers, projects, and examinations. The experience will take the officer beyond traditional operational methods and strategic thinking and creative and innovative problem solving skills for current and future law enforcement executives paving the way for further advancement to senior leadership positions within their department.

EMU's School of Staff and Command has a reputation for excellence and is supported by quality instructors and law enforcement management professionals who make up the foundation of this unique educational/training program. Our faculty comes from across the state of Michigan from various educational institutions, the law enforcement community, and the private sector. The program's reputation for excellence is praised by our graduates who have stated the knowledge, skills, and abilities learned assist them in providing quality leadership for their departments.

The Police Staff and Command Program is dynamic and on the forefront of technology. Command Officers will be challenged by management situations, in class decisive decision-making scenarios and learning new techniques to control, direct and supervise personnel under their command. The program will enhance the performance of personnel in the command positions by:

- Understanding the management theorist's approach to managing law enforcement agencies including staffing, managing the problem employee, employee wellness, conflict resolution, and other human resource challenges.
- Utilizing Michigan Labor Law as it relates to personnel management in hiring, discipline, ADA, sexual harassment, workman's compensation, and ACT 312.
- Understanding management responsibilities for Michigan Criminal and Civil Law in cases rising from negligence retention, failure to train, and other situations that require defense in civil court.

- Development of fiscal responsibilities for managing a budget, special project funding, grant administration, forfeiture assets, and duties required for sound fiscal management.
- Utilizing the latest instruments for planning and decision-making requirements for managing responsibilities.
- Utilizing technology for computer enhancement in the workplace. This section is a hands-on approach to computer skills relating to preparing written documents, utilizing spreadsheets in the preparation of budget detail, analyzing data through data base preparation and project presentations.
