HOTEL & RESTAURANT MANAGEMENT

COOPERATIVE WORK EXPERIENCE

EVALUATION

DUE DATE:  First Day of Final Exams
INSTRUCTIONS

Electronic copies of the following are appended following these instructions:

1. Coop Application form.
2. Employer’s Cooperative Evaluation form
3. Student’s Cooperative Evaluation form.

**Step One:** Obtain employment in a hospitality operation. This could be a food and beverage operations, hotels, catering, club management or other related businesses. Talk with your academic advisor about appropriate co-op work experience. Employer must agree to work with you on mutually agreeable work objectives and provide an evaluation of your progress toward those objectives. All 600 hours of paid co-op work experience must be with the same employer (i.e. 3 credit co-op must work 600 hours). If the student leaves employment prior to the completion of corresponding co-op work experience hours they will not receive a passing grade and the co-op experience will have to be repeated.

**Step Two:** Complete the co-op work experience application form with your employer.

**Step Three:** Obtain a letter from co-op work experience employer stating that they agree to work with you on mutually identified job responsibilities and work learning objectives. This letter should be on letter head from the employer and signed by the employer. Give them a copy of your co-op application form for their records.

**Step Four:** Scan and submit a copy of your co-op work experience application and employer’s letter of agreement to your academic advisor. They will then give you permission to register for the appropriate co-op section. You must register yourself. If you are already registered, please scan and submit these at the Canvas course site.

**Step Five:** During the course of the semester you will be required to participate in several threaded discussions. These threaded discussions will be posted at the Canvas course site. You will also be required to complete and submit a variety of assignments.

**Step Six.** Please provide your employer with a copy of the Employer evaluation form. As a courtesy, you should fill out as much of the form as possible, such as your name, address, email, course number, etc. Once HE/SHE completes and signs the form, the employer representative should return it to you. Please review the
information, verify that you agree (or disagree) with your evaluation, and then YOU sign it. Be SURE that your employer has signed the form. It cannot be accepted if the employer has not signed the form. You are encouraged to scan and submit this form via the Canvas course site.

**Step Seven.** Complete your own **Student Cooperative evaluation**. Complete the multiple choice self-evaluation, as well as your essay, with the answers to the TEN questions provided. Please use professional language, word choice, spelling, and grammar. Scan or capture an image of the completed forms and submit online via Canvas.

**Step Eight.** To verify your co-op work experience hours you will be asked to submit a scan/image of your last pay stub for the co-op period and your employer must agree that you have successfully completed your required work hours. As with any course, you have one year to complete the required co-op work experience hours and complete all paperwork before the grade turns into a “N” (no credit).

This course is pass/fail and you will receive a “CR” (credit received) upon completion. At a minimum you must participate in all threaded discussions and have a passing evaluation from your employer.

**Thank you in advance for this courtesy.** Sometimes emergencies occur at the last minute, so plan on turning your evaluation in “earlier” rather than “later.” Forms will be due the last day of the semester, prior to finals week.

The above date is the **LAST DAY** that the forms will be accepted. **Assignments turned in late** will be graded as “Incomplete” and will be graded next semester. We hope that you learn a great deal during your coop experience.

Best wishes.

Dr. Giri Jogaratnam       Dr. Tierney McCleary

c) work was done neatly, accurately, promptly  d) regular, punctual attendance
e) dressed appropriately for work at all times
Grading

If I were grading myself, I would give myself a letter grade of: ____________________

Comments:

ESSAY

Please write a 3-5 page essay about your coop experience, addressing EACH of the ten questions below. Please type (keyboard) and exhibit good writing style, spelling, and grammar. Use the QUESTION as a header and answer below.

1. What were the major responsibilities and duties assigned to you while on your placement?
2. List at least two tasks you accomplished during the placement toward the goals and objectives stated on your work learning agreement.
3. What was the most rewarding aspect of this work experience?
4. Were you able to meet the objectives as stated on your Work Learning Agreement?
5. What strengths and weaknesses did you determine about your skills?
6. What is your tentative career goal? How did the coop relate to that goal?
7. What course work, in your academic major, prepared you most for this coop? In what ways did your course work apply?
8. Did your placement point out any deficiencies in your academic program? What additional course work specialized training should be added to your major curriculum.
9. What did you learn during your internship? (10-15 bullet points. Key phrases are sufficient, as long as the phrase creates a complete explanation. “Learned to set SMART goals” would be sufficient, since SMART goals are a well-known management tool. “Learned leadership” would need some explanation, since the term “leadership” is indefinite.)
10. What surprised you during your internship? What was unanticipated? (10-15 bullet points)
