Safe Routes to School

What is SRTS?

- SRTS is a program that uses a variety of education, engineering and enforcement strategies that help make routes safer for children to walk and bicycle to school and encouragement strategies to entice more children to walk and bike.

Join Us!

We would like to bring together people from the community, especially representatives from transportation or traffic domain, public works, city government, law enforcement, and local pedestrian/bicycle/safety advocates.

- Find out more about the SRTS program
- Help to create a vision and to generate next steps for SRTS in Hamtramck
- Meet the EMU REACH team and learn more about our goals
