

John Sullivan Scholarship

A scholarship award consisting of tuition and fees for one credit hour of research for the Fall term will be given to one student attending EMU. Applicants must meet the following criteria:

1. Student must obtain permission from at least one faculty member to register for research under his/her direction.
2. Applicants must have completed CHEM 123/124 or CHEM 125/126 by the beginning of the award period.
3. The scholarship application must be submitted to the Department of Chemistry by **February 14**.
4. Student(s) awarded the scholarship must join the American Chemical Society as a student affiliate (membership fee) **and** provide proof to the Department within six weeks of award notification.
5. Sullivan Award winner will make a short presentation of his/her research project at a future meeting of the Chemistry Club.
6. Preference will be given to applicants who are active in the Chemistry Club.

Application

Name: _____ EMU ID: _____

Phone: _____ Email: _____

Major(s): _____ Minor(s): _____

GPA (Cumulative): _____ Anticipated Date of Graduation: _____

1. *Describe why you are interested in doing undergraduate research in chemistry and how you anticipate this award*

2. *List Chemistry Club activities you have participated in within the last year:*

Application

If I am awarded this scholarship, I agree to:

- a) Join the American Chemical Society as a student affiliate by the end of the Winter semester.
- b) Register for and complete 1 credit of research in Fall semester.
- c) Present the results of my research at a future meeting of the Chemistry Club.

If I fail to complete these requirements, I understand that the Chemistry Club may revoke the scholarship and bill my student account for any portion of the award.

Signature of Applicant

Date

**Return completed application to the Chemistry Department Office, 541 Science Complex,
by 5:00 PM on February 14.**
