### **Dr. Elizabeth Petty**

Senior Associate Dean, Academic Affairs  
Professor, Department of Pediatrics  
University of Wisconsin  
School of Medicine and Public Health

**Friday, June 13, 1:30 pm**  
**Science Complex Room 156**

### ***From the Bedside to the Bench to the Broader Community: How Patient-Centered Research Drives Discovery***

*This talk will feature a case-based discussion about exciting research discoveries that were driven through the study of patients. The unique findings generated through this type of investigations have, in many cases, led to the identification of new paradigms in medicine.*

*SSRI is sponsored by the College of Arts and Sciences*
