9AM-4PM @ EMU REC IM**

## ALUMNI SPOTLIGHT FORM

**WE WANT TO FEATURE YOU AND LET  
EVERYONE KNOW WHERE YOU ARE AND  
WHAT YOU ARE DOING SINCE  
GRADUATING**

First and second years have been busy this month with casting practice, patient models and comprehensive exam prep.

The first years had their first ever transtibial patient models and have been working hard on making (and unfortunately re-making) their sockets for fitting day! Second years cast and successfully fit transfemoral patient models.

"Cracking my socket after chiseling for so long was tough but it's a good experience to make another and the second one will be even better!" - Jess Townsend (1st year)

We are going to have a huge turnout at the AAOP academy meeting this year with several students and faculty presenting and making posters!
