- EMU Success Scholarship
  - This grant is awarded through your admissions application to your first master's degree program, and is only awarded upon admission to EMU to non-resident students. To be awarded, graduate students must have at least a 3.2 undergraduate GPA and cannot have a previous earned Masters. To receive payment, students must enroll in at least 8 credit hours each semester and maintain at least a 3.0 cumulative EMU GPA.
  - The award is renewable for up to two years or for a maximum of 32 credit hours. The EMU Success Scholarship is only awarded upon admission to students with non-resident admission status and the award only applies to courses that are charged non-resident tuition (i.e., not online classes). If students receive another award that pays tuition and fees (such as a graduate assistantship) or their residency status changes, the EMU Success offer is null and void.
