

EMU MSW Behavioral Health Care Workforce Fellowship Program
Eastern Michigan University, School of Social Work
Student Application Form, Fall 2016

There are four parts to the application and as a reminder, the application is due by March 1, 2016.

1. A completed application form (including the narrative)
2. A copy of your most current resume
3. A copy of an unofficial transcript
4. A letter of recommendation from someone who knows you as a social worker (or can identify your potential as a social worker). A description of the program is attached at the end of the application for you to give your potential reference.

Send all materials to:

MSW Behavioral Health Care Workforce Fellowship Program
317 Marshall Building
Eastern Michigan University
Ypsilanti, MI 48197
OR

Scan or attach the completed documents and email them to:

MSWBHfellowshipprogram@emich.edu with the subject line: MSW Fellowship Program application. **Make sure your name is on all materials.**

Have the letter of support required for application sent to the same address. If the letter of support will be emailed, the subject line should be MSW Fellowship Program letter of support

I need to have a work site field placement: yes ☐ no ☐

I am interested in one of the placement options reserved for Fellowship recipients: yes ☐ no ☐

Please answer the following questions in no more than 750 words.

EMU is focused on training MSW's to be generalist social workers. Using your vision of yourself as a social worker after graduation,

1. Describe the role you see yourself playing after graduation in developing behavioral health in children, adolescents, and/or transition age youth. You do not have to plan to be a clinician working in MI/CD.
2. Given the fact that generalist social workers must play multiple roles in developing behavioral health in children, adolescents and/or transition age youth, what are some important skills social workers need to develop?
3. Based on your own background and experience, what leadership skills will you bring into your role as a social worker focused on developing behavioral health in children, adolescents, and/or transition aged youth.
