

Flights of Imagination

The summer camp program at EMU Children's Institute is a theme oriented, play-based program utilizing the Creative Curriculum.

This program will reflect the Michigan Department of Education (MDE) grade level expectations for children going into kindergarten and first grade.

(June 13-June 17 early arrivals)

Session 1

Limited space available. Children will join the regular Summer 1 program offered at the Institute.

(June 20-June 24 early arrivals)

Session 2

Limited space available. Children will join the regular Summer 1 program offered at the Institute.

How Does Your Garden Grow? (June 27 July 1) Session 3

From seeds and sprouts come many things - flowers, plants, and food! We can plant, nurture, and watch as we create our own garden in the classroom and outside! What grows around our neighborhood? We'll go on walks to find out!

Book Cooks (July 5-July 8)

Session 4

Reading can be such an inspiration, even for cooking! Let's see if we can replicate some of our favorite children's book foods. You know what they say - If you give a child a book, they may want a snack to go with it!

Fairy Tales & Fantasy (July 11-July 15)

Session 5

Those classic tales can continue to inspire us as we step into magical worlds! We can read, dance, and act out favorite stories with props and puppets. Let's be inspired, can you create your own fairy tale? Where will your fantasy take us?

Amazing Animal Kingdom (July 18-July 22) Session 6

What prowls in the night? What flies through the air? No need to pull up a chair - let's actively explore animals everywhere! Books, scavenger hunts, and virtual zoos await!

Deep Blue Sea & Beyond (July 25-July 29) Session 7

What will we find within the waves? There's more than just water for us to explore - sea creatures, pirates, treasure, and more!

Exploration Space (Aug. 1-Aug. 5) Session 8

Up past the clouds there's a whole other place... space! What does Mars look like? What do astronauts eat? Let's blast off to explore the planets, stars, asteroids, and more!

Jr. Mad Scientist (Aug. 8-Aug. 12) Session 9

If you're into messy, slimy goo, then this is the week for you! We'll be mixing, pouring, squishing, and observing. Why do things happen? What will it do? You send in the Jr. Mad Scientist, we'll handle the rest!

On The Go (Aug. 15-Aug. 19) Session 10

Running and jumping and skipping... oh my! Exercise and movement isn't just healthy, it's fun! Our outdoor space is perfect for fitness - we'll get our hearts pumping and our feet racing!

Toddlers and preschoolers

Programs for toddlers and preschoolers are also available. Call 734.487.2348 for more information.

Older children

A multi-activity day camp is available through the Rec/JM Summer Fun Camp. Call 734.487.1338 for more information.
