Introduction

The Educational Leadership faculty at Eastern Michigan University advocate the "tri-dimensional model" of leadership development articulated by John Daresh. The three dimensions included are academic preparation, field-based learning/internship and the professional formation. Daresh (1988) states:

People must be prepared for leadership roles through equal attention to strong academic programs, realistic guided practice, and perhaps most importantly, through the formation of individual candidates as aspiring administrators who need to be able to cope personally and professionally with the ambiguities associated with school leadership. (p. 184)

As students approach the final stage of their academic preparation, attention is placed on their field-based learning/internship experience. The internship experience provides an opportunity to synthesize and apply acquired knowledge in the workplace, and to develop and refine skills included in the program's standards-based curriculum of the program (ELCC 7.1).

Interns are placed with cooperating school systems, other educational institutions, or related agencies, under the direct supervision of an educational leader. Ideally the internship experience would require the intern to leave their full-time job and immerse themselves in the internship role for one year. Because this option is not available for everyone the student is asked to dedicate a minimum of 12 hours per week for a minimum of 16 weeks for the 2 hour graduate credit experience. This time commitment is equivalent to full time graduate student status (9 credit hours). The number of credit hours required for the internship will be determined by your academic advisor and recorded on the student's program of study. The typical internship is a 2 credit experience. Each credit hour requires 110 hours of immersion in the internship experiences. (1 credit = 110 hours, 2 credits = 220 hours, 3 credits = 330 hours, and 4 credits = 440 hours) (ELCC 7.1).

Internship experiences will vary in degree of responsibility, focus on a variety of leadership styles and allow the intern to explore different levels of administration in a myriad of diverse settings. The intern must also complete various reflective activities throughout the semester and submit an internship notebook at the culmination of the experience. Two, three, or four semester hours of credit may be earned for the internship experience. (One hour options are available to augment the 2-4 hour requirement if needed).

Administrative internships are available in a variety of settings, including K-12 schools, institutions of higher education, community education agencies, and other institutions offering educational programs. Selection and placement for the internship is determined by the intern and the university internship program director will focus on the intern's career goals. Students seeking an administrative license must complete their internship at the building level.

This packet of materials has been prepared to guide the prospective intern in planning and completing the internship experience. It is imperative that these materials be reviewed prior to the start of the internship experience. Each stage is carefully explained and all interns are expected to follow the identified steps.

Purpose of the Internship Experience

The overall purpose of the educational leadership internship at Eastern Michigan University is to provide significant opportunities for candidates to synthesize and apply the knowledge and practice and develop the skills identified in ELCC Standards 1-6 through substantial, sustained, standards-based work in real settings, planned and guided cooperatively by the institution and school district personnel for graduate credit (ELCC Standard 7.1).

More specifically, the goals of the educational leadership internship are:

1. Substantial:

- a) Candidates demonstrate the ability to accept genuine responsibility for leading, facilitating, and making decisions typical of those made by educational leaders. The experience(s) should provide interns with substantial responsibilities that increase over time in amount and complexity and involve direct interaction and involvement with staff, students, parents, and community leaders (ELCC 7.1).
- b) Each candidate should have a minimum of six-months (or equivalent, see note below) of full-time internship experience (ELCC 7.2).

2. Sustained:

- a) Candidates participate in planned intern activities during the entire course of the program, including an extended period of time near the conclusion of the program to allow for candidate application of knowledge and skills on a full-time basis (ELCC 7.2).

3. Standards Based:

- a) Candidates apply skills and knowledge articulated in these standards as well as state and local standards for educational leaders (ELCC 7.1).
- b) Experiences are designed to accommodate candidates' individual needs (ELCC 7.1).

4. Real Settings:

- a) Candidates' experiences occur in multiple settings that allow for the demonstration of a wide range of relevant knowledge and skills (ELCC 7.2).

- b) Candidates' experiences include work with appropriate community organizations such as social service groups and local businesses (ELCC 7.2).

5. Planned and Guided Cooperatively:

- a) Candidates will be mentored by an on-site building level administrator with at least a Master's degree in educational leadership, holds a building level administrative certification, and has a minimum of three years of building level administrative experience (ELCC 7.3).
- b) Candidates' experiences are planned cooperatively by the individual, the site supervisor, and institution personnel to provide inclusion of appropriate opportunities to apply skills, knowledge, and research contained in the standards. These three individuals work together to meet candidate and program needs (ELCC 7.3).

6. Credit

- a) Candidates earn graduate credit for their intern experience.

Note: Length Equivalency: A full-time experience is defined as the number of hours per week required for attendance by a full-time student, receiving federal financial assistance (9 hours per week).

Procedures for Internship Enrollment

1. Prospective interns need to contact and/or meet with the university internship director the semester prior to anticipated enrollment. The purpose of this meeting is to obtain the necessary internship materials (application, checklist & handbook) and discuss potential internship placement. The internship is designed as a capstone activity and should be completed toward the end of the student's academic program. Desired prerequisites for an internship are: completion of EDLD 509, 513, 514, 515, 517, 612, 617, 620, and 630.
2. Tentative placement for the internship will be arranged by the intern with assistance from the university internship director. Specific placement may be designated inside or outside the intern's place of employment. The intern may select placement in dual sites, in any case however, the intern can expect to have varied experiences at different levels in the organization depending upon the individual career goals of the intern. Final placement is dependent upon a favorable interview of the prospective intern and site mentor, and official confirmation by the university internship director. In selecting your site mentor, **all mentors should have a minimum of three years of experience as a building level administrator, at least a Master's degree, building level certification, and approval from the district.** You will need to provide information on your site mentor on your internship application for approval as well as a copy of the mentor's resume.
3. Prospective interns must complete and return the application form (along with program of study), resume, mentor's resume, self-assessment (see Appendix A), and internship plan (see p. 10 and Appendix B) to the university internship director. These **MUST** be submitted and approved **BEFORE** you begin logging hours for your internship AND before you can receive permission to register for the internship. Materials are scanned to the university internship director of record.
4. Following receipt of the internship application (including program of study), resume, mentor's resume, self-assessment, and internship plan the university internship director will submit permission for the prospective intern to register for the internship. Students are required to do their own registration once permission is obtained from the department and utilize the university registration process. If this is not completed in a timely manner university late fees may be assessed.
5. At the **end** of the internship experience, you are required to post your internship plan on LiveText and complete a brief survey.

LiveText Subscription

LiveText is an Internet-based subscription service that allows students and instructors to "create, share, and collaborate on educational curriculum."

If you have not obtained a LiveText subscription for other classes you have taken in your Educational Leadership Program you will need to purchase a subscription.

Using LiveText for your Internship

The College of Education has created an easy to use LiveText Users Guide, which can be found at

http://www.emich.edu/coe/livetext/students/docs/livetext_c1_for_students_guide.pdf

The only thing you need to post on LiveText is your internship plan and complete the demographic survey.

Roles and Responsibilities

The Intern will:

1. Download the Internship Handbook, Application, and Check List. (These can be found at the internship website: http://www.emich.edu/coe/lc/internships/k12_higher.html) These are .pdf files and require Adobe Reader.
2. Complete and submit the internship application form, student program of study, mentor resume, self-assessment, and internship plan via email to the university director of internships.
3. Discuss potential placement options with the university internship director. Email is the preferred method of communication to start this process.
4. Engage in all self-assessment activities described in this handbook (See "Preparing for the Internship" p. 9).
5. Initiate a meeting with the site mentor to discuss the development of the internship plan (See "Internship Plan" p. 10 and Appendix B).
6. Schedule a meeting or a conference call at the internship site with the site mentor and the university internship director to review the internship plan.
7. Engage in all tasks that are written in the internship plan.
8. Prepare all materials described in the "Written Requirements" (p. 15) section of this handbook.
9. Schedule an "email-conference" after each 50-60 hours of the internship with the university internship director to discuss the progress of the internship. The reflective journal and progression toward the student's goals will be discussed with the university internship director at this meeting.
10. Submit one type-written copy of the written materials described in the "Evaluation" (p. 18) section of this handbook to the university internship director at the culmination of the internship either electronically or in paper format. In addition, the intern will submit designated elements of the Internship Notebook using their LiveText account.

The Site Mentor will:

1. Agree verbally and in writing (See internship plan, p. 10 and Appendix B) to accept the intern for the designated semester and time.
2. Meet with the intern to develop the goals that make up the internship plan.
3. Provide needed guidance and assistance in the accomplishment of the goals cited in the student's internship plan.
4. Meet with the intern and university internship director at mutually arranged times to discuss the progress of the intern.
5. Complete the mentor feedback form at the culmination of the internship.

The University Internship Director will:

1. Communicate with the on-site mentor regarding placement of the intern.
2. Meet at the internship site or participate in a conference call(s) with the site mentor and the intern to review the internship plan.
3. Provide assistance to the intern and site mentor as needed.
4. Hold regular conferences (e-mail conferences) during the internship experience and ascertain the intern's progress toward the accomplishment of his/her internship goals.
5. Consult with the site mentor and intern if necessary at the culmination of the internship to determine the quality of the internship experience and the intern's accomplishment of the goals set forth in the internship plan.
6. Read and assess the written materials prepared by the intern in the Internship Notebook and those portions of the notebook also submitted using LiveText.

Preparing For Your Internship

Students begin the internship process with a self-assessment comprised of three components. The first component consists of preparation of the student's resume. The resume will be used to familiarize the site mentor with the intern's background and experience, and be included in the internship notebook.

The second component of the self-assessment process is a careful review of one's professional portfolio. The professional portfolio has evolved throughout one's career and academic training process and may be reflected upon as the intern engages in this stage of their current professional development. Potential strengths and weaknesses may be identified.

Lastly, the student completes the self-assessment instrument presented in Appendix A. This instrument has been developed from the knowledge, skills and dispositions reflected in the standards-based curriculum of the Educational Leadership Program at Eastern Michigan University.

Careful reflection upon these three pieces of information shall serve as a foundation for the development of the internship plan. The internship plan is constructed around the identified needs of the student, potential needs at the internship site and must incorporate experiences in all ELCC standard areas.

Internship Plan

This needs be posted on LiveText at the **END** of your internship.

After the intern has completed the self-assessment, the intern should schedule a meeting with the site mentor. The purpose of this meeting is to establish the internship plan. The intern should discuss his/her background reflecting on both his/her personal strengths and identified needs. The site mentor and the intern need to brainstorm potential activities and experiences that will enhance and support the interns continued growth and development as an educational leader. The plan should be developed collaboratively by the student and site mentor.

The internship plan is made up of two parts. The first part of the internship plan are activities that are required of all interns. The second part of the internship plan are activities developed by the intern and site mentor within the standard areas.

Internship Plan

Part I

All interns are required to engage in the following activities. Documentation for these activities should be included in the internship notebook to be presented at the end of the internship experience.

Diversity Activity

Throughout your program of study in the Educational Leadership program you have been engaged in experiences that have required you to work with diverse student populations. In order to fulfill your degree requirements you need to develop an activity for your internship that will focus on a diverse population. This activity should focus on students from one of the following categories: *race, ethnicity, gender, SES, ESL, or Special needs.*

In developing this activity, you should select a population with which you have not previously worked and develop an activity which targets a specific diverse population(s). The identification of the population you will be working with must be made explicit in your description of this activity. This activity **can** be used as one of the internship activities for Part II of the internship plan.

School Management (ELCC Standard 3.0)

ELCC Standard 3.2: Candidates understand and can efficiently use human, fiscal, and technological resources to manage school operations.

Activity: Conduct a **technology audit** for the school assessing hardware, software, technology support, staff development, instructional and administrative use of technology, and connectivity, including internal and external networking and filtering. This audit should include current technology budgets and projected budgets. Develop a report making recommendations for improvement,

demonstrating how projected budgets reflect the recommendations for improvement and are aligned with the school's priorities and goals, as well as recommending potential new resources. (Documentation: Technology Audit, Report)

ELCC Standard 3.3: Candidates understand and can promote school-based policies and procedures that protect the welfare and safety of students and staff within the school.

Activity: Conduct a **comprehensive review of policies related to providing school staff, students, and visitors with a safe and secure building environment.** This review should reflect guidelines developed by the Michigan Department of Education (MI Ready Schools: Emergency Planning Toolkit: http://www.michigan.gov/documents/safeschools/MI_Ready_Schools_Emergency_Planning_Toolkit_370277_7.pdf). Develop a report making recommendations for improvement and resources required to implement this plan. This report should address each of the following: Prevention, Preparedness, Response, and Recovery. (Documentation: Policy Review, Report of recommendations)

ELCC Standard 3.5: Candidates understand and can ensure that teacher and organizational time focuses on supporting high-quality school instruction and student learning.

Activity: Assist with the **development of a school master schedule** or review the process used to develop the school's master schedule. This schedule should reflect how instructional time and student learning is maximized. This can be for the regular school year or for a summer school program. (Report describing the process used to develop the schedule and how this reflects how instructional time and student learning is maximized, copy of the schedule developed)

Part II

Part II of the internship plan should be structured to meet the specific professional development needs of the intern. There are two components of Part II; the **Reactive**, which is shadowing and observational activities and the **Interactive** and **Active** experiences, which provide the intern with leadership opportunities.

Reactive: Shadowing and Observations

This part of the internship consists of observations and shadowing experiences. The intern should have the opportunity to observe a variety of leaders in multiple situations working with diverse populations and reflecting the varied components of the leadership role. Interns are expected to question, analyze, and integrate the observed leadership behavior in their reflective journal.

Interactive and Active: Leadership Activities

Using the Educational Leadership Constituent Council (ELCC) standards developed by the National Policy Board for Educational Administration (NPBEA) and approved

for the state of Michigan by the Michigan Department of Education (MDE) as a guide, the intern and mentor should collaboratively develop an internship activity for each standard. These activities should be designed to include coordinated interaction between leadership coursework and the internship experience. Interns are expected to develop linkages between theory and practice, and to actively discuss and analyze the leadership strategies utilized in each experience. These observations should be recorded in the intern's reflective journal. The intern may use the activity developed for the diversity experience in Part II of the internship plan.

Interactive: These activities should have the intern engaged in a specific project/activity or series of projects/activities related to the specific standard. The intern does not need to necessarily be in a leadership role, but should be a significant participant in the development, implementation, and assessment of the activity.

Active: For at least one of the standards the intern should assume full or nearly full responsibility for the activity. The activity developed should be an intensive, comprehensive, and long-term experience.

An example Internship Plan and suggested activities can be found in the Appendix of the handbook. The ELCC standards are as follows:

ELCC Standard 1.0: A building-level education leader applies knowledge that promotes the success of every student by collaboratively facilitating the development, articulation, implementation, and stewardship of a shared school vision of learning through the collection and use of data to identify school goals, assess organizational effectiveness, and implement school plans to achieve school goals; promotion of continual and sustainable school improvement; and evaluation of school progress, revision of school plans supported by school-based stakeholders and local agencies. In so doing, the building level leader ensures effective and ample use of technology in establishing, implementing, evaluating, and improving a vision of learning.

ELCC Standard 2.0: A building-level education leader applies knowledge that promotes the success of every student by sustaining a school culture and instructional program conducive to student learning through collaboration, trust, and a personalized learning environment with high expectations for students; creating and evaluating a comprehensive, rigorous and coherent curricular and instructional school program; developing and supervising the instructional and leadership capacity of school staff; and promoting the most effective and appropriate technologies to support teaching and learning within a school environment

ELCC Standard 4.0: A building-level education leader applies knowledge that promotes the success of every student by collaborating with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources on behalf of the school by collecting and analyzing information pertinent to improvement of the school's educational environment; promoting an understanding, appreciation, and use of the diverse cultural, social, and intellectual resources within the school community; building and sustaining positive school relationships with families and caregivers; and cultivating productive school relationships with community partners. In so doing, the building level leader ensures effective and ample use of technology in collaborating with faculty and community members, responding to diverse

ELCC Standard 5.0: A building-level education leader applies knowledge that promotes the success of every student by acting with integrity, fairness, and in an ethical manner to ensure a school system of accountability for every student's academic and social success by modeling school principles of self-awareness, reflective practice, transparency, and ethical behavior as related to their roles within the school; safeguarding the values of democracy, equity, and diversity within the school; evaluating the potential moral and legal consequences of decision making in the school; and promoting social justice within the school to ensure that individual student needs inform all aspects of schooling.

ELCC Standard 6.0: A building-level education leader applies knowledge that promotes the success of every student by understanding, responding to, advocating for student learning, and influencing the larger political, social, economic, legal, and cultural context through advocating for school students, families, and caregivers; acting to influence local, district, state, and national decisions affecting student learning in a school environment; and anticipating and assessing emerging trends and initiatives in order to adapt school-based leadership strategies.

IMPORTANT:

THE INTERN WILL THEN CONTACT THE UNIVERSITY INTERNSHIP DIRECTOR AND SCHEDULE A MEETING OR CONFERENCE CALL WITH ALL THREE PARTIES (INTERN, SITE SUPERVISOR, AND INTERNSHIP DIRECTOR), PRIOR TO BEGINNING THE INTERNSHIP, TO CONFIRM SUPPORT FOR THE AFOREMENTIONED GOALS. HOURS MAY NOT BE ACCUMULATED TOWARD THE INTERNSHIP UNTIL THIS MEETING/CONFERENCE CALL TAKES PLACE.

Initial Internship Conference Call or Meeting

The following items will be covered in the initial conference between the intern, site mentor, and university supervisor:

- Mentor Confirmation/Review of Internship
- Review of Requirements for the Internship
- Internship Time-line
- Subsequent E-mail conferences
- Internship Log – Journal – Documentation
- LiveText
- Mentor Feedback Form/Meeting & submission of Internship Notebook

Written Requirements/Timelines

The following are the written requirements to be incorporated in the internship notebook. Begin with logging all hours in the **internship log**. (See Appendix C).

Reactive Goals

- a) Maintain a **reflective journal** (Appendix E) in which the intern recounts the significant experiences of the internship and reflects on those experiences. This would incorporate the deliberate, analytical analysis of the actions of school leaders. It would compare actions to intentions and offer thoughts regarding strategies for strengthening or refining actions in the future. A suggested format to be used for the reflective journal is included as Appendix E. The intern is encouraged to make a minimum of two journal entries per week throughout the internship.
- b) Prepare one **critical incident report** (Appendix D) for every 100 hours of internship service. The student should reflect on the action of another school leader, and analyze and provide a critical assessment of the professional action. A suggested format to be used for the critical incident report is included in Appendix D.

Interactive

- a) Engage in interactive experiences with other educational stakeholders in the internship setting. Observe the behaviors, attitudes and styles of leadership utilized by these individuals as well as yourself. Reflect on these observations in your **journal** and submit any **supporting documentation** that represents the efforts of those engaged in these processes.

Active

- b) In conjunction with the site mentor select a long-term project for which the intern has full or nearly full responsibility. At the conclusion of the project submit **relevant documents** developed during the project and make necessary **journal** entries which describe the leadership theory, research and practice utilized during the project. Prepare your **professional formation paper**. (See page 17)

Summary of Written Requirements

- a) These following items should be organized into a professional Notebook that reflects the totality of the internship experience. These should be organized in this order and with a divider for each section:
1. Student's Resume
 2. Completed Self Assessment Instrument (Appendix A)
 3. Internship Plan (p. 10 and Appendix B) [Post on LiveText]
 4. Internship Log (Appendix C)
 5. Reflective Journal (Appendix E)
 6. Supporting Documentation and Artifacts
 - a. Diversity Activity
 - b. School Management Activities
 - c. ELCC Standard 1
 - d. ELCC Standard 2
 - e. ELCC Standard 4
 - f. ELCC Standard 5
 - g. ELCC Standard 6
 7. Critical Incident Report(s) (Appendix D)
 8. Professional Formation (p. 17)
 9. Mentor Feedback Form (Appendix F)

Timelines

In order to facilitate a meaningful internship experience, the university internship director will work collaboratively with the intern and site mentor to create timelines that will benefit all parties. It is recommended that the intern dedicate 8-10 hours a week to the internship process. This allows the student to have realistic, sustained access to the real work of school administration. Because the internship experience(s) normally spans across more than one semester the intern will receive an incomplete "IP" grade for the internship. The "IP" grade will be removed following completion of all internship requirements.

After every **50-60 hours** of field work it is the responsibility of the intern to contact the internship director and conduct a conference via email.

Unless prior permission is received from the internship director, all students are expected to complete the internship within **one** calendar year.

Professional Formation and Exit Interview

This document will be placed in your internship notebook AND should be sent to your adviser (with your resume) when you complete your exit interview.

After the internship, the intern is to review his/her self-assessment journal, critical incident report(s), interview notes, any supporting material and course work you have completed in the program to synthesize your learning. Because of this reflection, the intern is to develop a personalized understanding of "what it means to be an administrator."

Students are to prepare a 4-5-page paper, to be incorporated into the student's Internship Notebook and presented during their exit interview that contains the elements of their reflection and details the current state of their professional thinking. It should deal with the following questions:

- During the program students read a lot and participate in many assignments and activities. Of all these things, what two or three are most memorable and how have they shaped who you are as a leader?
- As you reflect on your internship and the experiences you have had in your coursework, what are the skills, attitudes and feelings you would want to promote as an educational leader? Why are they important?
- What experiences in the internship shaped your beliefs? What experiences in your coursework have shaped your beliefs? How have they changed because of the internship and/or coursework? How have you changed as a leader? What stands out as areas of significant growth for you as an education leader?
- As you reflect on your internship and the experiences you have had in your coursework, what other experiences do you need to engage in as you continue your professional development?

Evaluation

1. A total of 220-440 hours of contact time related to the internship and its activities are required for completion of the experience. The time requirement is determined by the number of credit hours elected by the student, i.e., 1 credit = 110 hours, 2 credits = 220 hours, 3 credits = 330 hours, and 4 credits = 440 hours.
2. Students are required to submit to the university internship director one typewritten copy of the **Internship Notebook*** which includes the following:
 1. Student's Resume
 2. Completed Self-Assessment Instrument (Appendix A)
 3. Internship Plan (p. 10 and Appendix B) [Post on LiveText]
 4. Internship Log (Appendix C)
 5. Reflective Journal (Appendix E)
 6. Supporting Documentation and Artifacts
 - a. Diversity Activity
 - b. School Management Activities
 - c. ELCC Standard 1
 - d. ELCC Standard 2
 - e. ELCC Standard 4
 - f. ELCC Standard 5
 - g. ELCC Standard 6
 7. Critical Incident Report(s) (Appendix D)
 8. Professional Formation (p. 17)
 9. Mentor Feedback Form (Appendix F)
3. Your internship plan is the only document that you must post to LiveText. It is recommended that this document be created for your Notebook using a word processing program and then, using the cut and paste function, be placed in LiveText. This is not posted on LiveText until the end of your internship
4. Evaluation of the internship will be the responsibility of the university internship director. Such evaluation will be based upon: (A complete rubric for the evaluation of your internship notebook can be found in the course syllabus on page 36.)
 - a. degree of completion of the goals outlined at the beginning of the internship;

- b. degree of leadership skill, insight and development, as shown in the reflective journal, critical incident reports and professional formation;
 - c. degree of leadership skill exhibited, as noted in observations of site mentor and university internship director. The mentor feedback form will be used by the site mentor (See Appendix F). In addition the site mentor will be encouraged to prepare a narrative recommendation on behalf of the intern.
5. Following the submission of your internship notebook, **the posting of your internship plan and the completion of the demographic survey on LiveText**, the intern will receive a credit or no-credit grade for the internship experience. Notebooks that are submitted in paper format maybe picked up in the Department of Leadership & Counseling during business hours following the completion of the semester when it was submitted.

CRITICAL INCIDENT REPORT

Often in our lives some event occurs that makes a significant difference in the way we function: our perception of individuals, our sense of purpose, our view of a job responsibility.

Please think about such a critical event (a transaction, a turning point, a life altering event) that you experienced during your internship and which altered the way in you see the leadership role.

Describe the critical incident in some detail providing information about what happened, the issues with which you struggled, and the resolution of the incident.

You may wish to consider the following questions:

How did you feel about the issue at the time?

What were the issues with which you struggled?

What did you do as a result of the incident?

How did the issue impact the formation and development of your personal view of what "it means to be a school leader"?

What issues did this incident raise about the role of the educational leader?

As you look back upon the incident how do you assess its significance as it relates to you as an educational leader? How will it shape your work as a school leader?

You should have 1 critical incident report for each 100 hours of field work
