All employees that are issued an authorized JPMorgan Chase payment card (Pcard) as a means to conduct University business along with all supervisors that approve cardholder transactions.

PURPOSE

To establish consistent procedures across the institution, maintain checks and balances with appropriate segregation of duties, mandate training for cardholders and approvers, establish protective controls, and to use technology to streamline the Review, Approval and Auditing functions.

1.0 THE EMU PAYMENT CARD

A. The Payment Card Program includes two types of payment cards, a traditional credit card and a Declining Balance card. Card limits for monthly, daily or transactional amounts and merchant types are flexible and can be established by the cardholder’s supervisor. The Payment Card is to be used for Eastern Michigan University business only and should never be used for personal use. All transactions made using the card must benefit and support the University’s mission. The Payment Card allows employees to purchase items for general office use such as office supplies, repair services, subscription fees, dues and memberships and travel arrangements for University related business. The declining balance card is generally utilized for research projects, student organizations, etc. and has a pre-determined spending limit.

B. Both types of cards have established credit limits. University Officials authorize limits to fit their employees purchasing requirements. Established limits for payment cards are $2,500 transactional and $5,000 monthly. An approval from The President, Vice Presidents, General Counsel or CFO must be submitted to the Accounts Payable Department to adjust monthly and transactional limits above the established limits; rationale must accompany all change requests.

C. Both Transaction and Monthly limits, on a temporary basis, may be adjusted if needed for a period of time or for a specific transaction. Approvals must follow the established Signatory Policy.

D. Training on policies and procedures along with the use of the Concur system will be required before a Payment Card will be issued to an employee.

E. All purchases made with the Payment Card must be in accordance with all University policies and procedures. Use of the Payment Card may be revoked if the card is not properly used (see Payment Card disciplinary procedures).

Fraudulent or intentional misuse of the card will result in cancellation of the card and possible criminal charges.

The card is non-transferable and non-assignable and remains the property of Eastern Michigan University and JP Morgan Chase. The cardholder is ultimately responsible for purchases made with their card.

C. Payment cards will only be issued to authorized University employees. Student organizations may, with proper approval, obtain declining balance cards issued by JPMorgan Chase.

D. Once an approved application has been processed by Accounts Payable, the applicant will be contacted to attend a scheduled training session. Training on policies and procedures along with the use of the Concur system will be required before a Pcard is released. Cards are usually received within two weeks from the date Accounts Payable receives the request.

4.0 PAYMENT CARD GUIDELINES

A. Wherever possible, employees are encouraged to use the University Payment Card. Employees should not use their personal funds to pay travel expenses on behalf of faculty, staff, students, guests or colleagues. All Pcard purchases must be in accordance with established procurement guidelines identified in the University Purchasing Policy and Procedures, University Signatory Authority, Travel Policy and Accounts Payable Procedures. Please review Most Commonly Questioned Purchases document as this addresses many common procurement issues.

As a public institution, the University must ensure that all funds are only used to support appropriate University business. Sound spending practices and controls are essential to maintaining the integrity of the University in the eyes of the public. Spending practices and controls must include both employees who are charged with spending University funds, as well as those who supervise employees who spend University funds at all levels of the organization for all expenditures. It is recognized that EMU is a very diverse University, and as such, different divisions, departments, and groups have different needs to properly execute their missions. As such, it is expected that all employees who are responsible for any University funds will spend them prudently, in the furtherance of the university mission. These requirements apply to all Eastern Michigan University employees. As with all University expenses, Pcard transactions are subject to audit by the University’s Internal Auditor.

B. The Chief Financial Officer (CFO) has overall responsibility for the procurement of supplies, materials and equipment. Therefore, the CFO has the exclusive authority to make exceptions to these procedures.

C. All Pcard transactions must be accounted for on a Concur Expense Report with attached itemized imaged receipts and must be submitted to the cardholder’s approver no more than twice per month but within 30 days from the expenses’ transaction date. The Approver should review the transactions within 14 days and if approved, submit the completed Expense Report to Accounts Payable for audit and upload to Banner. If not reviewed within 14 days, the report is automatically forwarded to the approver’s reporting authority. Payment Cards of employees with unapproved reports may be subject to suspension.

D. All Pcard expenditures must follow Purchasing Procedures, Travel Procedures and Accounts Payable Procedures. For further guidance please reference Most Commonly Questioned Purchases.
E. When the expenditure is funded by a grant or contract, the use of such funds will be governed by the more restrictiveness of the grant, contract, or University procedures.

F. Business Meeting (Hosting)
Business meeting meals must have a business purpose and must include two or more persons (at least one non-university employee). Costs should be reasonable and customary for the location. Itemized receipts must be imaged and included with the expense report (a credit card charge slip is not acceptable documentation). Each hosting expense must include the business purpose, the list of attendees and the attendees’ affiliation.

Business travel meals that relate to overnight business travel are NOT permitted on the Payment card, employees are reimbursed a per diem meal rate.

G. Gasoline
Gasoline may be purchased for rental vehicles while on a University paid trip. A Pcard may NOT be used to purchase fuel for a personal vehicle or University vehicle. Mileage must be submitted on an Expense Report through Concur. Concur will use the defined IRS standard mileage rate.

H. e-Procurement
Purchases under the established bid limit may be purchased over the internet with the Pcard. Please ensure the site is secure. Attach an imaged copy of the receipt to your Expense Report in Concur. Any item purchased with EMU Funds must be shipped to a Campus address. The Purchasing Department has negotiated preferred procurement contracts with several vendors, please use preferred vendors whenever possible.

I. Services

5.0 TRANSACTION SPLITTING/STRINGING
A. It is NOT permissible to split transactions or make successive purchases to avoid or circumvent the Pcards assigned single transaction limit regardless of whether the purchase is with one or several vendors. The practice of splitting transactions to avoid the competitive bid process is a direct violation of purchasing procedure and subject to disciplinary action.

6.0 TRANSFER OR TERMINATION

A. Cardholders can retain their same Pcard when they transfer between departments. The appropriate University Official will need to approve the transfer and establish the credit card limits applicable to the Departmental spending needs. Finance Management will terminate cards based on information received from the appropriate departmental authority or the Human Resources termination list. Concur will update nightly once the change is made in the Human Resources system.

7.0 SALES TAX and PROCESSING FEES

A. The University is exempt from Michigan sales tax. A card regarding the University tax status is distributed with the issuance of the card as some vendors may want to see a copy of the sales tax exemption. Remember to mention the University’s tax-exempt status when placing telephone orders. It is the responsibility of the cardholder to verify that no sales tax is charged on internet orders.

A disputed transaction can result from failure to receive goods, fraud or misuse, altered charges, defective merchandise, incorrect amounts, duplicate charges, credits not processed, etc. The cardholder is responsible for resolving with the supplier and/or banks any questions regarding erroneous charges, disputed items or returns.

The cardholder should contact the supplier first to resolve any outstanding issues. Most issues can be resolved in this manner; a vendor has 30 days to issue a credit. If the vendor fails to issue an anticipated credit or the cardholder is unable to reach an agreement with the supplier in the allowed time period, a formal dispute of the charge should be issued to the bank.
