

# Top 50 Best Value Online Project Management Graduate Programs of 2016

---

## Eastern Michigan is #32

Originally founded as a normal school for teachers, [Eastern Michigan University](#) is a large regional university in Ypsilanti, MI. As a regional public institution, EMU's focus is on making a quality education attainable for as many Michigan citizens as they can, which they do, in part, through extensive online degree programs. The online Master of Science in Engineering Management brings together knowledge and skills from business, technology, and science to prepare graduates for careers leading major engineering projects. EMU's reasonable tuition and convenience make it an excellent choice for working adults looking to take on more responsible roles.
