

Deb de Laski-Smith has spent 23 years teaching in the accredited interior design program and 17 years in administration with the Graduate School, College of Health and Human Services, School of Visual and Build Environment, and the School of Technology and Professional Services Management. Upon returning to faculty, she has directed her administrative efforts toward her church as a member of the Finance Committee and chair of the Trustees Committee overseeing buildings and grounds. In addition, she is serving on the VINA Dental Foundation Board, a nonprofit dental clinic for low-income residents of Livingston County, sponsored by her church. As her schedule permits, she spends time volunteering at CASS Community Social Service in Detroit — home of the Tiny Homes Project.
