

PACE (Partners for the Advancement of Collaborative Engineering)

2016 Forum, University of Cincinnati

Congratulations to Grace Poorman, Paul Miller, Justin Flynn, and Gino Pulice for attending the PACE Forum at the University of Cincinnati in July and winning the Connected Mobility Solutions competition.

Grace, Paul, and Justin were one of two first place winners with their project "Emergency Vehicle to Vehicle Connected Warning/Detection System".

Gino won honorable mention (i.e 2nd place) with "DRIVE - Direct Response Integrated Vehicular Entity".

Thanks for attending and representing our program and University well.

Phil Rufe
