

Colleagues:

There was a Board of Regents meeting today and in the tradition of keeping you informed of activities at EMU I am enclosing the President's Report. Dr. Martin gives a very good summary of the activities at EMU and there is no need for me to paraphrase her remarks.

Several emeriti have asked for information related to bequests made to the university. I asked Susan Rink, Director of Planned Giving at the EMU Foundation how bequests are handled and she has responded to this question as follows:

The situation depends on the donor and their wishes. When an individual notifies us that we are included in their estate plan I work with them to document the gift, capture their designation area and recognize their gift. A bequest is a qualifying gift to be recognized as a Heritage Society members, if they wish.

We ask that the individuals provide an estimated amount for the eventual gift, and if they are willing, share the estate documents that mention EMU, though this is by no means required. If they donor wishes, the gift can remain anonymous, as quite a few of our estate gifts are categorized.

Attached are a few documents that may be helpful to you:

1. Heritage Society Information form - this outlines the recognition society at EMU that highlights planned gifts
2. Heritage Society Intention form - this is the form we use to document bequest designations

I hope this information is helpful. As always, let me know if you have any questions or I can be helpful to these individual emeriti.

If it is your intention to make a gift and have the money used for a specific purpose it is really helpful to be precise when making a bequest. Perhaps there are other ways to accomplish your goals and as always, you are invited to speak to Susan Rink about these opportunities. She can be reached at the EMU Foundation and her telephone number is 734.481.2310

EMU has produced a great 2 minute video that encompasses much of what is happening at the university. As soon as the link is established I will send it on to you.

President's Report

**EASTERN MICHIGAN UNIVERSITY**

Board of Regents Meeting

June 10, 2014

This budget funds a new Physician Assistant (PA) program in collaboration with St. Joseph Mercy Hospital System, significant increases in public safety, financial aid, capital improvements in living and learning facilities and technology. The capital budget is \$12.6 million and includes Rackham, Department of Public Safety, as well as Wise Hall, which is our next residence hall to be renovated. This budget funds and welcomes 36 new faculty that will join us this Fall. The budget also includes several millions in cost reductions including changes in compensation and benefits that are painful.

I recommend to the Board of Regents, for approval, a 2014-2015 General Fund operating budget of \$301.9 million. The budget continues our strong support of students and affordability with \$43.8 million in University-sponsored financial aid, an increase of \$4.6 million over this year's budget. Our state appropriation increase is likely to fund this financial aid increase while leaving some funds for other needs on our campus. Since 2007-2008, University-sponsored financial aid has doubled from \$21.4 million. Our enrollment is strong due to affordability and financial aid support in these trying times in Michigan. Under the recommended budget, Eastern will continue to be the state leader in tuition restraint. The recommended 3.2 percent increase maintains Eastern's commitment to provide students with a high quality education, with the lowest dollar tuition increase over the past six years of any of Michigan's 15 public universities.

Safety and security investments include additional surveillance cameras being added to the more than 500 already in place, and renovation of the DPS headquarters. This will accommodate the 10 new officers joining the force by fall to total 43 officers. Expanded patrols, in collaboration with Ypsilanti Police and the Washtenaw County Sheriff's Office, now include neighborhoods surrounding campus on our north, south, east and west where EMU students and employees live. In collaboration with DTE, new LED lighting will be added on the perimeter of campus in the Leforge Road area. In addition,

we continue to work with private rental properties surrounding campus to press for further safety measures. Several apartment complexes have committed to adding surveillance cameras, emergency call stations and expanded security efforts.

The budget includes measures that will impact leadership and other non-union employees (AP, AC, CA, AH classifications). A merit salary increase pool of 2 percent is recommended, effective November 1. Yet, pension contributions will be changed from 11% to a university contribution of 9 percent for all employees hired prior to January 1, 2013, effective November 1. For employees hired on or after Jan. 1, 2013, Eastern's contribution will be 5 percent, and if the employee contributes 4 percent, Eastern will match that 4 percent, for a maximum Eastern contribution of 9 percent (changing from a 5/5/5 match of 10% from Eastern to 5/4/4 match of 9%). This entire group of employees will pay more for health care coverage, effective January 2015.

We recognize that these changes will have a personal impact. Our University Human Resources office will hold campus forums followed by individual meetings with each of these 301 employees. CFO Lumm and I will host a budget forum at 11 a.m. tomorrow in the Student Center auditorium to explain the budget in more detail and will answer questions directly from the audience followed by a campus *Lunch by the Lake*.

I would like to gratefully recognize retirements and contributions of several individuals who are or who have been part of the University's leadership team. Don Lopnow has proudly served Eastern for 40 years in the roles of Professor, Provost and Interim President, as well as a steadfast supporter of Ypsilanti. John Lumm has served Eastern as Chief Financial Officer since 2008 with great dedication during challenging financial times. Leigh Greden's role in Government & Community Relations has been exciting to watch. He leaves to become Congressman John Dingell's Chief of Staff in Washington DC. Leigh's dedication to Eastern has been steadfast and appreciated. We wish them all well.

I want to take a moment to thank our entire faculty and staff for their belief and hard work to maintain momentum during the financially challenging times of the last six years of my Presidency. Eastern is better because of you and together we believe in the

importance of this great, historic, and diverse public university to serve ordinary working class families, hungry for education at an affordable price. Our residence halls are full and our Honors College is growing by leaps and bounds. We remain TRUEMU welcoming those with some college, but no degree and ordinary working class families, first generation freshmen, realizing the dream, as I did, of getting off of the farm and obtaining a college degree. Eastern is critical to the future of Southeastern Michigan and this State.

Many other accomplishments are listed in the Appendix to this report, which is available on the University's website.

Thank you, Chair Parker.

Susan Martin
