Hello Colleagues,

President James Smith presented his first report at the Board of Regents on Tuesday, November 1st : his report is attached to this email.

An issue that impacts many of you is the transition to the new supplemental reimbursement carrier BASIC. EMU has officially closed the MediGap inbox at hr [medigap@emich.edu](mailto:medigap@emich.edu). You can no longer send receipts there but need to send these directly to BASIC. If you have questions please contact Basic at [888-472-0777](tel:888-472-0777).

The following is a summary sent by Geoff Larcom with links to more detailed information regarding issues that were acted on at the Board meeting.
