IMPORTANT INFORMATION REGARDING THE PATIENT PROTECTION AND AFFORDABLE CARE ACT (ACA) INDIVIDUAL MANDATE

Effective January 1, 2014 under the Patient Protection and Affordable Care Act (ACA) all individuals and their family members are required to obtain health insurance or they may be subject to a tax penalty. As an eligible participant in the Eastern Michigan University benefits program, several health plan options listed are available to you.

It is important to remember that if you waive your University coverage, you are still responsible for obtaining coverage for yourself through some other source, such as a spouse or your parent's plan (if you are under age 26); or you can obtain coverage via the Health Insurance Marketplace. Beginning with your 2014 tax filing, you will be required to report to the IRS that you have coverage, whether through the University or some other source. For each following tax year, the University will provide you with the required form (1095-C) in time for your tax filing. The 1095-C form will confirm that you were offered the minimum level of coverage each month and whether you elected the coverage or waived this coverage.

The Health Insurance Marketplace information sheet is posted on the HR/Benefits website under Employee Notices.

SPECIAL ENROLLMENT NOTICES

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage).

However, you must request enrollment within 30 days after your loss of coverage or your dependents' loss of other coverage (or after the employer stops contributing toward the other coverage.) In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days or any longer period that applies under the plan after the marriage, birth, adoption, or placement for adoption.

Children's Health Insurance Program Reauthorization ACT 2009 (CHIPRA)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires group health plans to permit special enrollment periods for eligible persons who experience a qualified change in status (e.g. birth, marriage, divorce, loss of coverage). Effective April 1, 2009, the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) adds two new special enrollment events.

- You or your dependent(s) will be permitted to enroll or disenroll in Eastern Michigan University's medical coverage in either of the following circumstances.
 - You or your dependent's Medicaid or state Children's Health Insurance Program (CHIP) coverage is cancelled due to a loss of eligibility. You must request to enroll in our group health plan within sixty (60) days from the date you or your dependent loses coverage. You must provide written notification from Medicaid or state CHIP of the cancellation.
 - You or your dependent(s) enroll in Medicaid or the state CHIP. You may cancel coverage in our group health plan within sixty (60) days of you or your dependent's coverage effective date. We will need written verification of coverage through Medicaid or state CHIP.
- It is your responsibility to notify the Human Resources Benefits Office within sixty (60) days after gaining or losing coverage in Medicaid or the state CHIP. Your coverage will be in effect the date you lost or gained coverage in Medicaid or the state CHIP.
- For further details on Medicaid or the state CHIP (also known as MICHild), contact the Michigan Department of Community Health.

Women's Health and Cancer Rights Act of 1998

Under the Women's Health and Cancer Rights Act of 1998 (effective October 21, 1998), employer-sponsored group health plans offering mastectomy coverage must also provide coverage for breast reconstruction in connection with the mastectomy. Coverage must be provided for:

- Reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast for symmetrical appearance; and
- Prosthesis and physical complications in all stages of mastectomy, including lymphedema therapy

All of Eastern Michigan University's group health care plans (Blue Cross/Blue Shield Community Blue PPO Plans, Traditional, and Priority Health) provide coverage for the procedures described above, subject to the same deductibles and co-payment provisions as other benefits under the plans. The patient, in consultation with the attending physician, must determine the manner in which these services are performed. If you have any questions, call your specific health care provider.

Michelle's Law

Under the Affordable Care Act, group health plans (i.e., large, small, self-funded, fully insured and governmental group health plans) and issuers are generally required to provide dependent coverage to age 26 regardless of student status of the dependent. If your plan provides dependent coverage beyond age 26 for a covered dependent who is enrolled in a post-secondary education, Michelle's Law is still applicable.

What does Michelle's Law require?

Plan sponsors and insurers are prohibited from terminating group health plan coverage if a covered dependent child takes a medically necessary leave of absence and the plan provides dependent coverage beyond age 26 for a covered dependent child who is enrolled in a post-secondary educational institution. "Medically necessary leave of absence" means with respect to a dependent child in connection with a group health plan or health insurance coverage offered in connection with a group health plan, a leave of absence from or other change in enrollment status in a postsecondary educational institution that begins while the child is suffering from a serious illness or injury; is medically necessary; and causes the child to lose student status for purposes of coverage under the terms of the plan or coverage.

A "dependent child" is a beneficiary who is a dependent child under the terms of the plan or coverage, of a participant or beneficiary under the plan or coverage, and who was enrolled in the plan or coverage on the basis of being a student at a postsecondary educational institution immediately before the first day of the medically necessary leave of absence involved.

If your health plan provides coverage beyond age 26 for a covered dependent child who is enrolled in a postsecondary educational institution, it must continue plan coverage for the dependent child upon written certification by the dependent's treating physician that states the dependent is suffering from a serious illness or injury and that a leave of absence (or reduction in student hours) is medically necessary until the earlier of: one year after the first day of the medically necessary leave of absence; or the date on which the coverage under the plan would otherwise terminate.

In the event that any dependent child is covered under the above circumstances and the dependent child has a change in their health coverage that results in a loss of plan coverage under the plan, but new coverage is provided under another plan, the new plan must honor the remaining period of leave. For example, if a covered dependent has been on a medically necessary leave of absence for six months and the individual's health coverage changes from Insurer A to Insurer B, the dependent child will still be eligible for the remaining six months of leave under Insurer B.

Newborns' Act Disclosure

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Prescription Drug Coverage and Medicare

Important Notice from Eastern Michigan University About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Eastern Michigan University and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Eastern Michigan University has determined that the prescription drug coverage offered by Blue Cross Blue Shield of Michigan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Eastern Michigan University coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current Eastern Michigan University coverage, be aware that you and your dependents may not be able to get this coverage back until the next applicable open enrollment period.

When Will You Pay a Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Eastern Michigan University and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait and join the following October.

You also may request a copy of this notice at any time.

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Consolidated Omnibus Budget Reconciliation Act (COBRA)

In 1986 a Federal Law was enacted (Public Law 99-272, Title X) requiring employers sponsoring group health plans to offer employees and their families the opportunity for a temporary extension of health coverage (called "continuation coverage") at group rates in certain instances where coverage under the plan would otherwise end. This notice is intended to inform you of your rights and obligations under the continuation coverage provisions law. Both you and your spouse, if applicable, should take time to read this notice carefully.

An employee of Eastern Michigan University as well as his/her spouse covered by the medical and /or dental plan has the right to choose this continuation coverage for a period of eighteen (18) months if the employee loses group health coverage because of a reduction in employment hours or the termination of employment (for reasons other than gross misconduct).

Individuals (employees or their family members) who become disabled within 60 days of COBRA coverage can request an extension of an additional eleven (11) months of coverage beyond the original period of 18 months.

The spouse and dependents of an employee covered by the medical and/or dental plan have the right to choose continuation coverage for a period of thirty-six (36) months if he or she loses health coverage under the plan(s) for any of the following reasons:

- The death of a spouse or parent;
- Divorce or legal separation from spouse;
- The dependent ceases to be a "dependent child" under the plan(s).

Under the law, the employee or a family member is responsible for informing Eastern Michigan University of a divorce, legal separation, or a child losing dependent status under the plan(s).

When the Eastern Michigan University Benefits Office is informed of these events, they will notify you that you have the right to choose continuation coverage. You have 60 days from the date coverage terminated to inform Eastern Michigan University that you want continuation coverage. If you do not choose continuation coverage, your group health insurance will end.

The Law also provides that continuation coverage may be cut short for any of the following four reasons:

- Eastern Michigan University no longer provides group health coverage for any of its employees;
- The premium for your continuation coverage is not paid;
- You become covered under a new group plan after the election of COBRA coverage and only if that coverage contains no pre-existing condition limitation;
- You were divorced from a covered employee and subsequently remarry and are covered under your new spouse's health plan.

Once coverage under COBRA has been terminated, it will not be reinstated.

You will be required to pay the entire premium plus a 2% administrative fee for your continuation coverage. At the end of eighteen (18) month or (36) month continuation period, you may apply for an individual coverage health plan as provided under the applicable health carrier's plan if it is available at that time. Currently there is no individual Dental plan available.

Questions about COBRA should be directed to the Benefits Office, Eastern Michigan University, 140 McKenny Hall, Ypsilanti, MI – 48197 (734-487-3195). Also, notify the Benefits Office of any address changes or marital status changes.

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 1-31-2017)

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact [*Eastern Michigan University, Benefits Office, 140 McKenny Hall, Ypsilanti, MI 48197, or call 734-487-3185.*](#)

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: Information About Health Coverage Offered by Your Employer
