## AY2023/24 Graduating Senior Survey Summary and Highlights

### *About the Survey*

Every academic year, Eastern Michigan University (EMU) administers a voluntary survey to undergraduate students who are graduating, referred to as the graduating senior survey (GSS), to gather data regarding their experiences as a student at EMU. The survey was initially implemented in 2011, and since then we have gathered a great amount of data and provided useful feedback from our graduating seniors. For the academic year 2023-2024, the response rate of GSS was 30 %. More than 700 respondents participated the survey and submitted valuable information. The information gathered through the GSS also presents a more reliable picture about EMU's education and services from our students' perspectives.

During the past academic year, the GSS was administered online during in the fall 2023, winter 2024, and summer 2024 semesters, which also included acquiring information regarding the graduating undergraduate student's aspirations and future plans. The GSS consists of seven general sections: Engagement of Campus Activities, Educational Experience and Academic Services, Facilities and Services at EMU, Sense of Well-Being, Plans after Graduation, College Education Funding, and an analysis of open comments, which consists of things students liked and things they thought could be improved.

The distribution of the respondents and response rates by college are summarized below.

	EMU*	College of Arts and Sciences	College of Business	College of Education	College of Engineering and Technology	College of Health and Human Services
<b>Respondents</b>	703	282	80	80	91	140

- Satisfaction with Aspects of EMU:**

This part of survey includes 16 questions regarding how satisfied graduating senior students are with 16 aspects of EMU. The formula of computing satisfaction rate is as follows:

$$\text{Number of (Very Satisfied + Satisfied responses)} / (\text{Total responses} - \text{N.A. responses}) * 100\%$$

The average satisfaction rate with these 16 aspects of EMU is 80%, which is a decrease of one percent from the 2022/23 academic school year.

The average level of satisfaction with 16 aspects of EMU	% Change from AY22/23
80%	↓1%

The table reflects aspects where students were most satisfied at EMU, with the highest satisfaction being with the graduation audit results (91%). Some positive changes were noted in it, with a 1% increase in satisfaction. However, there were slight decreases in satisfaction with other aspects, each dropping by from 3% to 1%. Despite these small fluctuations, the overall satisfaction in these areas remains high, indicating that students generally felt positive about their academic experience at EMU, especially regarding graduation-related processes and the general education offerings.

Students were most satisfied with the following aspects of EMU	% Satisfied*	% Change from AY22/23

\*Note: Method of computing “% Satisfied” in all tables: Number of (Very Satisfied + Satisfied responses) over (Total responses – N.A. responses)

The table reflects areas where students felt least satisfied with the support they received at EMU, specifically in the areas of internships, academic advising, and career counseling. The satisfaction levels range from 69% to 73%, suggesting that while some students are satisfied, there is a significant portion who feel that these aspects could be improved. The university might consider focusing on enhancing the quality and accessibility of these services to better meet student needs.

#### Satisfaction with Facilities and Services at EMU:

The most satisfying facilities are Halle Library (94%) and the EMU Student Center (92%), both of which show high satisfaction, although they saw a slight decrease compared to the previous year.

Athletics facilities saw a notable increase in satisfaction (+2%), suggesting improvements in this area.

Computer labs and other department-specific facilities received solid satisfaction ratings (90% and 84%, respectively). Residence halls (60%) and parking facilities (22%) received the lowest satisfaction ratings, with parking facilities seeing the most significant drop (-6%). These areas are prime candidates for improvement.

Overall, while the satisfaction average (79%) is good, the significant dissatisfaction in parking and residence halls suggests that EMU may need to focus on addressing these specific areas to boost overall student satisfaction.
