## Dance Major

### Revised Program, effective Fall 2015

#### Dance Curriculum-Bachelor of Arts/Bachelor of Science

This curriculum leads to either a Bachelor of Arts or a Bachelor of Science degree. (Students who complete one year of foreign language will be awarded the Bachelor of Arts degree.) Each degree offers students a choice of three career-track options: (1) pre-dance therapy, (2) studio management and (3) performance and choreography. Students in the studio management track will also complete a minor in the College of Business.

Students planning admission to the dance major must officially enroll in the program at the Academic Advising Center and complete the following:

An audition into the program.

An application into the dance program is available at N101 Alexander or online at [www.emich.edu/dance/html/dance\\_future.html](http://www.emich.edu/dance/html/dance_future.html).

A course of study is planned with a dance advisor upon admission into the dance program.

All students must meet the General Education Requirements and the other courses specified in each area below. Suitable adjustments can be made in consultation with a dance faculty advisor. Some of the track required courses can be used to fulfill General Education Requirements.

Dance majors and minors are encouraged to enroll in a technique class every semester while attending Eastern Michigan University. Ballet or modern technique classes may be repeated for no credit.

#### Department Information:

Music & Dance - College of Arts & Sciences

**Diane L. Winder, D.M.**  
 Department Head

354 Alexander Building  
 (734) 487-1421  
[diane.winder@emich.edu](mailto:diane.winder@emich.edu)  
 Department Website

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day. In addition to the degree requirements stated below, students must learn and abide by additional department policies posted on the department's website.

#### Advisor Information:

**Sherry Wilkinson, Professor**
