

President's Report
EASTERN MICHIGAN UNIVERSITY
Board of Regents Meeting
June 22, 2018

Mr. Chairman and Distinguished Members of the Board of Regents:

Towering construction cranes and work-zone fencing are visible across campus as we continue to invest in the revitalization of our academic and student-focused buildings. The largest and most exciting project is Strong Hall, where State capital outlay funds provide the primary support for the extensive construction and renovation of the third and final phase of our Science Complex.

Scheduled to open in January 2019, the renovated Strong Hall will feature new classroom and lab space. It represents our continuing growth and investment in STEM programs and facilities that meet the needs of today's students and employers.

Other important projects include upgrades to residence hall dining facilities, preparations for the new health center and our partnership with St. Joseph Mercy and IHA, security and lighting enhancements, the Athletic Sports and Training Facility, and upgrades to the College of Business and Quirk-Sponberg Theatre. As I said, plenty of activity!

In 2019, we will begin significant renovations in Sill Hall, home of our College of Technology, the Rec/IM, and the build-out of the fifth floor in the Mark Jefferson Building for lab and classroom space housing the new and expanding fermentation science and neuroscience programs.

The General Fund Budget approved today supports these efforts, and reflects today's economic realities for Eastern Michigan University. It strongly acknowledges the enrollment trends we see at universities across the country, but – and I want to underscore this point – it is firmly aligned with the priorities and needs of today's students and employers.

The budget illustrates our commitment to increasing revenue through new sources, such as online education, strategically sound outside partnerships, and the recruitment of international students.

One of the elements of the budget, the new TRUEMU Global Rate tuition plan, provides in-state tuition pricing for incoming undergraduate students from anywhere in the world.

As enrollment of international students at universities across the U.S. continues to decline, it is more important than ever for higher education institutions to identify new methods to recruit international students who desire an American college education.

We now offer a simplified single-rate pricing for all incoming undergraduate students, whether from Michigan, another state or from outside the U.S.

In academics, we're proud that 100 percent of our graduates of the McNair Scholars program last year have been accepted to one or more graduate programs. I'd like to congratulate the students and Professor Heather Neff, director of the program. The McNair Scholars Program assists low-income and first-generation or underrepresented students in earning a Ph.D.

Eastern's focus on community engagement is apparent in the selection of two students to participate in the Ford Community Impact Fellowship for Summer 2018. Only eight students from the U.S. and four internationally were invited. Kristen Klochko, an MBA student, and Honoré Washington, a senior marketing and public relations student, were selected. Congratulations to both of these students.

Other accomplishments are listed in the Appendix to this report on the University website. Thank you, Chairman Webb.

James M. Smith, Ph.D.
President

Recognition
