Sent on Behalf of Wade Tornquist:

Hello,

As outlined in the series of instructions you received before the launch of your current in-person course, each instructor who is teaching in-person this summer must complete an online training course. The course will take about 20 minutes to complete and covers information regarding important health protocols. This course is mandatory and should be completed no later than Sunday, June 28, 2020. After logging into your my.emich account, you may access the course using this link: <https://emuetraining.bridgeapp.com/learner/courses/277/slide/1709> .

If you have any questions, you may contact Wade Tornquist (wtornquis@emich.edu) or Sonia Chawla (schawlaw@emich.edu).

Thank you for your continued support of students and commitment to health and safety.

Thank you,
Office of Records and Registration
