

BOARD OF REGENTS
EASTERN MICHIGAN UNIVERSITY

SECTION: 16
DATE: April 21, 2017

RECOMMENDATION

**OMB FEDERAL AWARDS SUPPLEMENTAL FINANCIAL REPORTS
FOR THE YEAR ENDED JUNE 30, 2016**

ACTION REQUESTED

It is recommended that the Board of Regents receive and place on file the U.S. Office of Management and Budget Federal Awards Supplemental Financial Reports for the year ended June 30, 2016.

STAFF SUMMARY

The U.S. Office of Management and Budget (OMB) requires an annual audit and report of compliance with the requirements of federal award programs. Plante & Moran, PLLC, Eastern Michigan University's independent auditor, conducted the audit and provided their opinion. In their opinion, the University has complied, in all material respects, with the requirements that could have a direct and material effect on each of its major federal programs year ended June 30, 2016.

On page 5 of their opinion, Plante & Moran reported that during the course of their audit they identified a significant deficiency in internal control related to the University's failure to timely report changes in student enrollment status to the National Student Loan Data System. Further details regarding the significant deficiency can be found on page 15 (Section III – Federal Program Audit Findings) of the Financial Statements. This deficiency was also identified during the University's recent Department of Education Audit, and was corrected at that time. The deficiency was related to students who unofficially withdrew by ceasing to attend classes.

Plante & Moran did not identify any material weaknesses in internal control during the course of performing this federal award audit.

FISCAL IMPLICATIONS

None

ADMINISTRATIVE RECOMMENDATION

The proposed Board action has been reviewed and is recommended for Board approval.

Report on Schedule of Expenditures of Federal Awards
Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

We have audited the basic financial statements of Eastern Michigan University (the "University") and its discretely presented component unit as of and for the year ended June 30, 2016 and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We issued our report thereon dated November 1, 2016, which contained an unmodified opinion on the basic financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to November 1, 2016.

The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

December 19, 2016

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To Management and the Board of Regents
Eastern Michigan University

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of Eastern Michigan University (the "University") and its discretely presented component unit as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated November 1, 2016. The financial statements of Eastern Michigan University Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Eastern Michigan University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To Management and the Board of Regents
Eastern Michigan University

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Eastern Michigan University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Kalamazoo, Michigan
November 1, 2016

Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance

Independent Auditor's Report

To the Board of Regents
Eastern Michigan University

Report on Compliance for Each Major Federal Program

We have audited Eastern Michigan University's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016. Eastern Michigan University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Eastern Michigan University's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Eastern Michigan University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Eastern Michigan University's compliance.

To the Board of Regents
Eastern Michigan University

Opinion on Each Major Federal Program

In our opinion, Eastern Michigan University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of Eastern Michigan University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Eastern Michigan University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as Finding 2016-001, that we consider to be a significant deficiency.

Eastern Michigan University's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and/or corrective action plan. Eastern Michigan University's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

To the Board of Regents
Eastern Michigan University

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Eastern Michigan University

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2016

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Eastern Michigan University (the "University") under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of Eastern Michigan University, it is not intended to and does not present the financial position, changes in net position, or cash flows of Eastern Michigan University.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the same basis of accounting as the basic financial statements. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-21, *Cost Principles for Educational Institutions*, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

The University has elected not to use the 10 percent *de minimus* indirect cost rate to recover indirect costs as allowable under the Uniform Guidance.

Note 3 - Loans Outstanding

During the fiscal year ended June 30, 2016, the University issued new loans to students under the William D. Ford Federal Direct Loan Program (FDLP). The loan program includes subsidized and unsubsidized Stafford Loans, Parents' Loans for Undergraduate Students (PLUS), and PLUS loans for graduate and professional students. The value of loans issued for the FDLP is based on disbursed amounts. The undergraduate PLUS loans are applied first to students' tuition and fees and any remaining balance is disbursed directly to parents or, with the parents' permission, to the student.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2016

Note 3 - Loans Outstanding (Continued)

In addition, the University participates in the Federal Perkins Loan Program through the Department of Education and the Nurse Faculty Loan Program through the Department of Health and Human Services. These loan programs are directly administered by the University and are considered revolving-loan programs whereby collections received on past loans, including interest, and new funds received from federal agencies are loaned out to current students. For both of these programs the beginning of year balance and loans made during the year is disclosed in the schedule of expenditures of federal awards. The balance of loans outstanding for the Federal Perkins Loan Program as of June 30, 2016 amounted to \$7,903,215. The balance of the loans outstanding for the Nurse Faculty Loan Program (ARRA) and the Nurse Faculty Loan Program (non-ARRA) was \$38,461 and \$336,624, respectively, as of June 30, 2016.

Schedule of Findings and Questioned Costs Year Ended June 30, 2016

Section I - Summary of Auditor's Results

Financial Statements

Type of auditor's report issued: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? Yes None reported

Noncompliance material to financial statements noted?

Yes No

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? Yes No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? Yes None reported

Type of auditor's report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Section 2 CFR 200.516 (a)?

Yes No

Identification of major programs:

CFDA Numbers	Name of Federal Program or Cluster
84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264, and 93.408	Student Financial Aid Cluster
84.287	21st Century Community Learning Centers

Dollar threshold used to distinguish between type A and type B programs: \$750,000

Auditee qualified as low-risk auditee?

Yes No

Section II - Financial Statement Audit Findings

None

Eastern Michigan University

Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2016

Section III - Federal Program Audit Findings

Reference Number	Finding
2016-001	<p>CFDA Number, Federal Agency, and Program Name - Student Financial Aid Cluster - Department of Education - 84.063 Federal Pell Grants, 84.268 Federal Direct Loans, Perkins CFDA 84.038</p> <p>Federal Award Identification Number and Rear - N/A</p> <p>Pass-through Entity - N/A</p> <p>Finding Type - Significant deficiency</p> <p>Repeat Finding - No</p> <p>Criteria - A student's enrollment status determines eligibility for in-school status, deferment, and grace periods, as well as for the payment of interest subsidies to Federal Family Education Loan (FFEL) Program loan holders by the U.S. Department of Education. Enrollment reporting in a timely and accurate manner is critical for effective management of the programs. Enrollment information must be reported within 30 days whenever attendance changes for students, unless a roster will be submitted within 60 days. These changes include reductions or increases in attendance levels, withdrawals, graduations, or approved leaves of absence. As explained in the National Student Loan Data System (NSLDS) Enrollment Reporting Guide, the enrollment reporting roster file is due within 30 days from the creation of the file that is placed in the institution's SAIG (Pell, 34 CFR section 690.83(b)(2); FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).</p> <p>The University reports student status changes to the National Student Clearinghouse (NSC), which ultimately reports to NSLDS. The NSC encourages schools to report enrollment information on all students. Chapter 3.2 of the NSLDS Enrollment Reporting Guide states that schools should report enrollment information for students who have received or benefited from any of the following types of Title IV aid from their current school or from another school: Perkins Loan Programs, Direct Loan Programs, FFEL Program, Federal Grant Programs, and Federally Insured Student Loans.</p>

Eastern Michigan University

Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2016

Section III - Federal Program Audit Findings (Continued)

Reference Number	Finding
2016-001 (Cont.)	<p>Condition - The University did not report student status changes to the NSC (and ultimately NSLDS) for students that unofficially withdrew by ceasing to attend classes. The NSC flags any student not included in a status change submission as a withdrawal. By default, students that attend classes during the fall and summer semesters are reported timely because the monthly submission in the following semester is a required reporting period. For example, if a student unofficially withdraws from the fall term and does not enroll in the winter term, the status change is reported in the beginning of the winter term, which would be considered timely. The issue arises with those students that unofficially withdraw from the winter semester, because the summer semester is not a required reporting period. Unofficial withdrawal statuses were not updated until the required reporting period began in the fall semester.</p> <p>Questioned Costs - None</p> <p>Identification of How Questioned Costs were Computed - N/A</p> <p>Context - Of the 25 students tested for student status changes, six students unofficially withdrew by ceasing to attend classes from the winter semester. These students' status changes were not reported to the NSC (and ultimately NSLDS) timely. As discussed above, the students who unofficially withdrew in the summer or fall semesters defaulted to the correct status change due to the way the NSC processes reports.</p> <p>Cause and Effect - The University does not transmit student enrollment data to the NSC, and ultimately NSLDS, for students that unofficially withdraw. However, due to a default option at the NSC, students that are not included on a student status submission by the University during a required reporting period have their statuses updated to withdrawn automatically. The only population of students that is not reported timely is the winter semester students that unofficially withdraw. These students' statuses are not updated to withdrawn until the fall semester. As a result, these students gain additional time before entering repayment status on their loans.</p> <p>Recommendation - The financial aid department, along with the registrar's office, should frequently monitor student status changes and enrollment information and upload complete enrollment reports on a monthly basis to ensure compliance with federal regulations. Uploads to the NSC, and ultimately NSLDS, should be verified to ensure that all the required information was received by the agency.</p>

Eastern Michigan University

Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2016

Section III - Federal Program Audit Findings (Continued)

Reference Number	Finding
2016-001 (Cont.)	Views of Responsible Officials and Planned Corrective Actions - The University, specifically the student financial aid department, has developed a policy and procedure that will use an unofficial withdrawal report at the end of each semester to update student status changes for students who failed to complete any coursework directly with the NSLDS. The report has been designed and tested to identify any students that are withdrawn and require reporting to the NSLDS.

Eastern Michigan University

Summary Schedule of Prior Audit Findings Year Ended June 30, 2016

<u>Prior Year Finding Number</u>	<u>Fiscal Year in Which the Finding Initially Occurred</u>	<u>Federal Program, CFDA Number, and Name</u>	<u>Original Finding Description</u>	<u>Status/Partial Corrective Action (as Applicable)</u>	<u>Planned Corrective Action (if Finding not Corrected)</u>
2015-001	2015	Research and Development Cluster - Department of Defense #12.300, National Science Foundation #47.076, and Department of Health and Human Services #93.847	The University has not met the requirements of subrecipient monitoring. The requirements include not just receiving audit reports, but ensuring that the grants are in compliance with laws and regulations, following up on findings, and requiring possible additional monitoring and reporting by subrecipients. Not completing this process could result in unallowable costs or noncompliance with laws and regulations occurring and not being caught in a timely manner.	Corrected	N/A
