STAFF SUMMARY

The Financial Statements and Supplementary Information as of June 30, 2022 together with the Auditors report are attached. Plante & Moran has issued its opinion indicating that the statements present fairly, and in conformity with Generally Accepted Accounting Principles, the financial position, results of operations, and cash flows for the University and its Foundation.

Total Assets at June 30, 2022 of \$757.4 million and Liabilities of \$544.8 million.
- An increase in Net Position for the year ending June 30, 2022 of \$35.5 million, driven primarily by federally compensated lost revenues from the Higher Education Emergency Relief Fund (HEERF) and additional student tuition and fees.

During their audit, Plante & Moran did not identify any significant deficiencies or material weaknesses related to the University's controls, accounting practices, accounting estimates, or financial statement disclosures.

Representatives of Plante & Moran will be attending the Board's Finance and Investment Committee meeting to present a summary of the results of their audit including benchmark comparisons with other Universities and to discuss any comments or questions the Board may have regarding the financial statement or audit.
