

# Course Detail Information Guide

Click “Course Detail Information” on the new My.emich Faculty Academics card.

This page allows you to search for basic course information from the university course catalog for current and/or future terms. You can also view the course catalog for past terms. *This search works similarly to “Class Schedule”.*

**NOTE: This is the same view a student has when they choose “Browse Course Catalog” in the Registration menu.**

The screenshot shows a green header bar with a user icon and the letter 'E'. Below it is a breadcrumb trail: [Student](#) • [Registration](#) • [Select a Term](#). The main heading is 'Select a Term'. Below this is a dropdown menu titled 'Select a Term for Course Search'. The dropdown is open, showing a search input field and a list of terms: Fall 2024, Summer 2024 (highlighted in green), Winter 2024, Fall 2023, and Summer 2023.

Enter Search criteria to find courses (**at a minimum, a Subject code must be chosen to search**);

- **Subject** – Click within the field and a list of subjects will appear. You can scroll through the options or begin typing a subject code (ex. MATH, BIO, etc.) or description. Click to select the subject description to add it as a selection. If your search returns a single subject description, TAB or ENTER will add it as a selection.

The left screenshot shows the 'Browse Courses' page with the breadcrumb trail: [Student](#) • [Registration](#) • [Select a Term](#) • [Browse Courses](#). The heading is 'Browse Courses'. Below it is a section 'Enter Your Search Criteria' with 'Term: Fall 2024'. There are input fields for 'Subject', 'Course Number', and 'Keyword'. The 'Subject' dropdown is open, showing a list of subjects: Accounting (highlighted in green), Africology & African Amer Stu, Aging Studies, Anthropology, and Apparel & Textile Merchandsng.

The right screenshot shows the same 'Enter Your Search Criteria' section, but now the 'Subject' field contains two selected items: 'Accounting' and 'Biology'. A red arrow points from the 'Accounting' selection in the dropdown of the left screenshot to the 'Accounting' selection in the 'Subject' field of the right screenshot. Below the 'Subject' field are input fields for 'Course Number' and 'Keyword', and buttons for 'Search', 'Clear', and 'Advanced Search'.

- Course Number – Enter the desired course number to search for. You are able to use % to search for classes beginning or ending in specific numbers (ex. 1% entered in the search above returns BIO 101, BIO 105, etc.).
- Keyword – Enter one or more words (partial words are allowed). The search uses “and” logic to return classes that contain the word(s) or partial words entered.

### **Advanced Search**

- Subject and Course Number - Click within the field and a list of subject & course combinations will appear. You can scroll through the options or begin typing a subject code (ex. MATH, BIO, etc.) or description. Click to select the subject description to add it as a selection. If your search returns a single subject description, TAB or ENTER will add it as a selection.
- Keyword (With All Words) - Enter all the words you want the search to use. The search uses “and” logic to return classes that contain ALL the words entered.
- Keyword (With Any Words) – Enter words that might help you find the class you’re looking for. The search uses “or” logic to return classes that contain ANY of the words entered.
- Keyword (Exact Phrase) - Enter the exact phrase you want to search for. The search returns classes that contain the exact phrase entered.
- Keyword (Without the Word) – Use with another keyword option. Enter a word that will filter out classes returned by the other keywords used.
- Title - Enter the desired title to search for. You are able to use % to search for classes beginning or ending in specific words/characters.
- Attribute - Click within the field and a list of attributes will appear. You can scroll through the options or begin typing an attribute code or description. Click to select the description to add it as a selection. If your search returns a single description, TAB or ENTER will add it as a selection.
- Level – Click to choose Graduate and/or Undergraduate
- College - Click within the field and a list of college descriptions will appear. You can scroll through the options or begin typing a college code or description. Click to select the description to add it as a selection. If your search returns a single description, TAB or ENTER will add it as a selection.
- Division – NOT USED
- Departments - Click within the field and a list of department descriptions will appear. You can scroll through the options or begin typing a department code or description. Click to select the description to add it as a selection. If your search returns a single description, TAB or ENTER will add it as a selection.
- Schedule Type - Click within the field and a list of shcedule type descriptions will appear. You can scroll through the options or begin typing a shcedule type code or description. Click to select the description to add it as a selection. If your search returns a single description, TAB or ENTER will add it as a selection.
- Course Number Range – Enter numbers to search for courses in a range (ex. 101 to 500)
- Credit Hours Range - Enter numbers to search for classes with credits in a range (ex. 1 to 4)

All columns can be re-ordered. Click in the column title and drag the column to the desired location.

- **Title** – Click the course title to bring up the course details box. The various tabs provide information about the course in the term chosen. For example; review the Attributes tab to see if the course fulfils a General Education (GenEd) requirement, review the Prerequisites tab to see if students need to take any other classes before they'd be eligible to register for the course, etc.
